Overview

This manual outlines a two-day hands-on training workshop for teaching participants how they can use the International Children's Digital Library (ICDL) in their classrooms. Day 1 starts with a discussion about digital libraries, followed by general technology training and an introduction to using the ICDL. Optional Activities 1-2 teach participants how to use some of the basic tools on their computers, and demonstrate how they can be used to develop creative student activities. Core Activities 1-3 teach participants how to use the ICDL and how it can be used in the classroom. On Day 2, participants are given the opportunity to teach some of the activities they learned on Day 1 to children. The workshop concludes with a wrap-up activity for teachers.

Intended Audience

- Elementary and middle school teachers

Goals

- Understand and be able to use the ICDL in the classroom
- Develop learning experiences in which students can use the ICDL
- Understand and be able to use general software to develop creative student activities

Resources Needed

- One computer per participant, running Windows XP with the latest version of Firefox and the ICDL¹
- Refer to individual activities for additional resources that may be needed.

¹ These instructions are written for the non-networked version of the ICDL that does not require internet access.
