Sentiment Analysis and Deep Learning Subarna Shakya, Ke-Lin Du, Klimis Ntalianis, 2023-01-01 This book gathers selected papers presented at International Conference on Sentiment Analysis and Deep Learning ICSADL 2022, jointly organized by Tribhuvan University, Nepal, and Prince of Songkla University, Thailand, during 16-17 June 2022. The volume discusses state-of-the-art research works on incorporating artificial intelligence models like deep learning techniques for intelligent sentiment analysis applications. Emotions and sentiments are emerging as the most important human factors to understand the prominent user-generated semantics and perceptions from the humongous volume of user-generated data. In this scenario, sentiment analysis emerges as a significant breakthrough technology which can automatically analyze the human emotions in the data-driven applications. Sentiment analysis gains the ability to sense the existing voluminous unstructured data and delivers a real-time analysis to efficiently automate the business processes.

The Routledge Companion to Air Transport Management Nigel Halpern, Anne Graham, 2018-01-31 The Routledge Companion to Air Transport Management provides a comprehensive up-to-date review of air transport management research and literature. This exciting new handbook provides a unique repository of current knowledge and critical debate with an international focus, considering both developed and emerging markets and covering key sectors of the air transport industry. The companion consists of 25 chapters that are written by 39 leading researchers, scholars, and industry experts based at universities, research institutes, and air transport companies and organisations in 12 different countries in Africa, Asia, Pacific, Europe, and North America, to provide a definitive, trustworthy resource. The international team of contributors have proven experience of research and publication in their specialist areas and contribute to this companion by drawing upon research published mainly in academic, industry, and government sources. This seminal companion is a vital resource for researchers, scholars, and students of air transport management. It is organised into three parts: current state of the air transport sectors; Part I: application of management disciplines to airlines and airports; Part II: and key selected themes; Part III: *Business Travel News*, 2001
