Hitchcock on Hitchcock Alfred Hitchcock, 1997-11-04 Hitchcock writings about himself and his films

Hitchcock on Hitchcock, Volume 1 Alfred Hitchcock, 2015-01-10 Gathered here for the first time are Alfred Hitchcock's reflections on his own life and work In this ample selection of largely unknown and formerly inaccessible interviews and essays Hitchcock provides an enlivening commentary on a career that spanned decades and transformed the history of the cinema Bringing the same exuberance and originality to his writing as he did to his films he ranges from accounts of his own life and experiences to techniques of filmmaking and ideas about cinema in general Wry thoughtful witty and humorous as well as brilliantly informative this selection reveals another side of the most renowned filmmaker of our time Sidney Gottlieb not only presents some of Hitchcock's most important pieces but also places them in their historical context and in the context of Hitchcock's development as a director He reflects on Hitchcock's complicated often troubled and continually evolving relationships with women both on and off the set Some of the topics Hitchcock touches upon are the differences between English and American attitudes toward murder the importance of comedy in film and the uses and techniques of lighting There are also many anecdotes of life among the stars reminiscences from the sets of some of the most successful and innovative films of this century and incisive insights into working method film history and the role of film in society Unlike some of the complex critical commentary that has emerged on his life and work the director's own writing style is refreshingly straightforward and accessible Throughout the collection Hitchcock reveals a delight and curiosity about his medium that bring all his

subjects to life Alfred Hitchcock and Film Noir Homer B. Pettet, R. Barton Palmer, 2024-11-30 Alfred Hitchcock was a major figure in the development and flourishing of film noir His noir films became an inspirational foundation of the neo noir movement beginning in the 1970s from Brian de Palma s mash up homages to Hitchcock originals such as Obsession 1976 and Body Double 1984 to the dark political thrillers of the era that explore the underside of American life all of which owe a substantial debt to Hitchcock However the central role of Hitchcock in the long history of film noir has seldom been acknowledged in work devoted to his career and noir criticism more generally Instead there has been a tendency to consider Hitchcock s many dark thrillers and crime melodramas as sui generis that is as e Hitchcock filmse that are somehow separate and distinct from industry trends But this is to take a narrow view of the director s accomplishments that underestimates his substantial contributions to film history Alfred Hitchcock and Film Noir will be the first book length treatment of the impressive corpus of Hitchcock noir films considered as such as well as of his connection more generally to the emergence and flourishing of this important cinematic trend *Hitchcock on Hitchcock* Sidney Gottlieb, 2015 Reinventing Hollywood David Bordwell, 2017-10-02 In the 1940s American movies changed Flashbacks began to be used in outrageous unpredictable ways Soundtracks flaunted voice over commentary and characters might pivot from a scene to address the viewer Incidents were replayed from different characters viewpoints and sometimes those versions proved to be false Films now plunged viewers into characters memories dreams and hallucinations Some films didn t have protagonists while others centered on anti heroes or psychopaths Women might be on the verge of madness and neurotic heroes lurched into violent confrontations Combining many of these ingredients a new genre emerged the psychological thriller populated by women in peril and innocent bystanders targeted for death If this sounds like today s cinema that s because it is In Reinventing Hollywood David Bordwell examines the full range and depth of trends that crystallized into traditions He shows how the Christopher Nolans and Quentin Tarantinos of today owe an immense debt to the dynamic occasionally delirious narrative experiments of the Forties Through in depth analyses of films both famous and virtually unknown from Our Town and All About Eve to Swell Guy and The Guilt of Janet Ames Bordwell assesses the era s unique achievements and its legacy for future filmmakers Reinventing Hollywood is a groundbreaking study of how Hollywood storytelling became a more complex art and essential reading for lovers of popular cinema *Hitchcock's People, Places, and Things* John Bruns, 2019-05-15 Hitchcock s People Places and Things argues that Alfred Hitchcock was as much a filmmaker of things and places as he was of people Drawing on the thought of Bruno Latour John Bruns traces the complex relations of human and nonhuman agents in Hitchcock s films with the aim of mapping the Hitchcock landscape cognitively affectively and politically Yet this book does not promise that such a map can or will cohere for Hitchcock was just as adept at misdirection as he was at direction Bearing this in mind and true to the Hitchcock spirit Hitchcock s People Places and Things anticipates that people will stumble into the wrong places at the wrong time places will be made uncanny by things and things exchanged between people will act as

not so secret agents that make up the perilous landscape of Hitchcock's work. This book offers new readings of well-known Hitchcock films including *The Lodger*, *Shadow of a Doubt*, *Psycho*, *The Birds*, and *Marnie*, as well as insights into lesser-discussed films such as *I Confess* and *Family Plot*. Additional close readings of the original theatrical trailer for *Psycho* and a Hitchcock-directed episode of *Alfred Hitchcock Presents* expand the Hitchcock landscape beyond conventional critical borders. In tracing the network of relations in Hitchcock's work, Bruns brings new Hitchcockian tropes to light. For students, scholars, and serious fans, the author promises a thrilling critical navigation of the Hitchcock landscape with frequent mental shake-ups that Hitchcock promised his audience.

Classical Myth in Alfred Hitchcock's *Wrong Man* and *Grace Kelly Films* Mark William Padilla, 2018-12-12

Mark Padilla's classical reception readings of Alfred Hitchcock features some of the director's most loved and important films and demonstrates how they are informed by the educational and cultural classicism of the director's formative years. The six close readings begin with discussions of the production histories so as to theorize and clarify how classicism could and did enter the projects. Exploration of the films through a classical lens creates the opportunity to explore new themes and ideological investments. The result is a further appreciation of both the engine of the director's storytelling creativity and the expressionism of classicism, especially Greek myth and art in British and American modernism. The analysis organizes the material into two triptychs: one focused on the three films sharing a wrong man pattern (wrongly accused man goes on the run to clear himself), the other treating the films starring the actress Grace Kelly.

Chapter One on *The 39 Steps* (1935) finds the origins of the wrong man plot in early 20th-century British classicism and demonstrates that the movie utilizes motifs of Homer's *Odyssey*. Chapter Two on *Saboteur* (1942) theorizes the impact of the director's memories of the formalism and myths associated with the Parthenon sculptures housed in the British Museum. Chapter Three on *North by Northwest* participates in the myths of the hero Oedipus as associated with early Greek epic, Freud, Nietzsche, and Sophocles. Chapter Four on *Dial M for Murder* (1954) returns to Homer's *Odyssey* in the interpretive use of the lay of Demodocus, a story about the sexual triangle of Hephaestus, Aphrodite, and Ares. Chapter Five on *Rear Window* (1954) finds its narrative archetype in The Homeric Hymn to Aphrodite; the erotic theme of Sirius the Dog Star also marks the film. Chapter Six on *To Catch a Thief* (1955) offers the opportunity to break from mythic analogues and to consider the film's philosophical resonances. Plato and Epicurus in the context of motifs coalesced around the god Dionysus/Bacchus.

Violence and Nihilism Luís Aguiar de Sousa, Paolo Stellino, 2022-07-05

Nihilism seems to be, per definition, linked to violence. Indeed, if the nihilist is a person who acknowledges no moral or religious authority, then what does stop him from committing any kind of crime? Dostoevsky precisely called attention to this danger: if there is no God and no immortality of the soul, then everything is permitted, even anthropophagy. Nietzsche too emphasised, although in different terms, the consequences deriving from the death of God and the collapse of Judeo-Christian morality. This context shaped the way in which philosophers, writers, and artists thought about violence in its different manifestations during the 20th century. The goal

of this interdisciplinary volume is to explore the various modern and contemporary configurations of the link between violence and nihilism as understood by philosophers and artists in both literature and film *Constraints and Creativity* Feiwei Kupferberg, 2021-07-29 This book presents a new theoretical model constraint theory for how to study creativity using scientific methods and clarifying concepts Focus On: 100 Most Popular English-language Film Directors Wikipedia contributors, **Melodrama Unbound** Christine Gledhill, Linda Williams, 2018-05-08 For too long melodrama has been associated with outdated and morally simplistic stereotypes of the Victorian stage for too long film studies has construed it as a singular domestic genre of familial and emotional crises either subversively excessive or narrowly focused on the dilemmas of women Drawing on new scholarship in transnational theatrical film and cultural histories this collection demonstrates that melodrama is a transgeneric mode that has long spoken to fundamental aspects of modern life and feeling Pointing to melodrama's roots in the ancient Greek combination of melos and drama and to medieval Christian iconography focused on the pathos of Christ as suffering human body the volume highlights the importance to modernity of melodrama as a mode of emotional dramaturgy the social and aesthetic conditions for which emerged long before the French Revolution Contributors articulate new ways of thinking about melodrama that underscore its pervasiveness across national cultures and in a variety of genres They examine how melodrama has traveled to and been transformed in India China Japan and South America whether through colonial circuits or later globalization how melodrama mixes with other modes such as romance comedy and realism and finally how melodrama has modernized the dramatic functions of gender class and race by orchestrating vital aesthetic and emotional experiences for diverse audiences **Paris Hollywood** Peter Wollen, 2020-05-05 In this new collection of essays on film all written over the last ten years Peter Wollen explores an extraordinarily wide range of topics stretching from an analysis of Time in Film and Video Art to a study of Riff Raff Realism in British films There are provocative discussions of the works of established auteur directors such as Howard Hawks and Alfred Hitchcock and of the film making careers of such experimental movie makers as William Burroughs and Viking Eggeling the dadaist pioneer of abstract film The collection also includes fascinating studies of a number of film classics such as John Huston's Freud Jean Renoir's Rules of the Game and Ridley Scott's Blade Runner Other essays deal with the relationship of film to the other arts such as dance and architecture and explore the interaction between film and anthropology This is not a theoretical book but it is one that suggests many new approaches to thinking about film and many unexpected connections between film studies and the history of such strangely related activities as espionage psychoanalysis Stalinism love of speed and digital technology Full of fascinating new insights Peter Wollen's new book is based on the premise that there are no fixed ways of writing about film but rather a plethora of paths leading in very different directions each contributing to a new understanding of the twentieth century's major art form Sampling and Site-Specific Practice in Contemporary Art Margot Bouman, 2025-05-15 In the early 20th century copying cutting and pasting entered the Western European avant garde through collage and readymades
