In *Spend Shift*, John Gerzema, world-renowned expert on consumer values and Pulitzer prizewinning author Michael D'Antonio, document the rise of a vibrant values-driven post-recession economy. To tell the story of this movement, the authors travel to large cities and small towns across eight bellwether states to examine the value shifts sweeping the nation. Through in-depth observation, proprietary data from Young Rubicam, and interviews with experts, the authors analyze the changing consumer psyche, document the five shifting values, and consumer behaviors that are remaking America and the world, and explain what it means to businesses and leaders. Explores a movement in society where the majority of American consumers are embracing both value and values. Shows how post-crisis consumer expectations and behaviors will drive business decisions. Draws on interviews with CEOs and entrepreneurs to reveal how companies like Ford and Etsy are reconnecting with the post-crisis consumer. Compelling and insightful. *Spend Shift* is essential reading for anyone interested in how values are changing and how businesses can connect with consumers after the recession.
