The Green Hill Sophie Pierce, 2023-03-02 In 2017 Sophie Pierce s life changed forever when her twenty year old son Felix died suddenly and unexpectedly Thrown into an unimaginable new reality she had to find a way to survive By writing letters to Felix composed during walks and swims taken close to his burial place by the River Dart Sophie gradually learned how to live in the landscape of sudden loss navigating the weather and tides of grief The Green Hill collects these letters alongside Sophie s account of the years following Felix s death into which she weaves poignant memories of his life What results is a deeply moving beautifully captured record of how amid the rivers and rocks of Dartmoor and in the sea off the South Devon coast Sophie was able to hold on to and nurture her bond with Felix both in her mind and through a physical engagement with the landscape actively mourning rather than grieving This book is a celebration of the natural world and the role it plays in our lives and relationships as well as an examination of how beauty a sense of place and the passing seasons can help us contend with our own mortality Above all The Green Hill is one woman s story of navigating through trauma and loss and towards a fragile complicated kind of joy In The Green Hill Sophie Pierce writes about the sudden death of her son Felix with an aching and gentle honesty Struggling to come to terms with the loss not only of the young man he was but everything that he would eventually become she finds herself overwhelmed not only by grief but also by love Her writing is illuminated by a remarkable attention to the beauty and consolation of the natural world and by the wisdom and tenderness which has been so painfully acquired This is a book that will be a great comfort to those who need it Sarah Perry author of The Essex Serpent and Melmoth Unforgettable necessary This beautiful book is a map compass and ration of courage for anyone arrived in the landscape of sudden loss Full of love and learning Tanya Shadrack The Green Hill is an extraordinary book I thought of the fairy tale in which a captured princess must weave clothes from stinging nettles Sophie Pierce has wrought something beautiful and useful from the darkest pain Cressida Connolly novelist and critic *Light Beyond. Ideal for newly qualified and experienced staff alike, this book covers everything you need to know to develop effective practices in Masters teaching including designing, managing and reviewing a curriculum and delivering effective student support. The text brings together contributions from a wide range of academics who have extensive practical experience of teaching at Masters level nationally and internationally. Through sharing examples of innovative practice and student centred learning advice, this book provides thought provoking support for all those working to develop and enhance Masters programmes.

Cinema Off Screen Chenshu Zhou, 2021-07-06 At a time when what it means to watch movies keeps changing, this book offers a case study that rethinks the institutional, ideological and cultural role of film exhibition, demonstrating that film exhibition can produce meaning in itself apart from the films being shown. Cinema Off Screen advances the idea that cinema takes place off screen as much as on screen by exploring film exhibition in China from the founding of the People's Republic in 1949 to the end of the Cold War in the early 1990s. Drawing on original archival research, interviews and audience recollections, Cinema Off Screen de-centers the filmic text and offers a study of institutional operations and lived experiences. Chenshu Zhou details how the screening space, media technology and the human body mediate encounters with cinema in ways that have not been fully recognized, opening new conceptual avenues for rethinking the ever-changing institution of cinema.
