Good Data Angela Daly, Monique Mann, S. Kate Devitt, 2019-01-23 Moving away from the strong body of critique of pervasive bad data practices by both governments and private actors in the globalized digital economy this book aims to paint an alternative more optimistic but still pragmatic picture of the datafied future The authors examine and propose good data practices values and principles from an interdisciplinary international perspective From ideas of data sovereignty and justice to manifestos for change and calls for activism this collection opens a multifaceted conversation on the kinds of futures we want to see and presents concrete steps on how we can start realizing good data in practice

This Is Why We Can't Have Nice Things Whitney Phillips, 2015-03-20 Why the internet troll problem is actually a culture problem how online trolling fits comfortably within today's media landscape Internet trolls live to upset as many people as possible using all the technical and psychological tools at their disposal They gleefully whip the media into a frenzy over a fake teen drug crisis they post offensive messages on Facebook memorial pages traumatizing grief stricken friends and family they use unabashedly racist language and images They take pleasure in ruining a complete stranger's day and find amusement in their victim's anguish In short trolling is the obstacle to a kinder gentler Internet To quote a famous Internet meme trolling is why we can't have nice things online Or at least that's what we have been led to believe In this provocative book Whitney Phillips argues that trolling widely condemned as obscene and deviant actually fits comfortably within the contemporary media landscape Trolling may be obscene but Phillips argues it isn't all that deviant Trolls actions are born of and fueled by culturally sanctioned impulses which are just as damaging as the trolls most disruptive behaviors Phillips describes the relationship between trolling and sensationalist corporate media pointing out that for trolls exploitation is a leisure activity for media it's a business strategy She shows how trolls the grimacing poster children for a socially networked world align with social media And she documents how trolls in addition to parroting media tropes also offer a grotesque pantomime of dominant cultural tropes including gendered notions of dominance and success and an ideology of entitlement We don't just have a trolling problem Phillips argues we have a culture problem This Is Why We Can't Have Nice Things isn't only about trolls it's about a culture in which trolls thrive
