SECTION II

4. On the basis of my professional judgment, I have performed an abortion on the above named recipient for the following reason:
 - ☐ The woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused or arising from the pregnancy itself that would place the woman in danger of death unless an abortion is performed.
 - ☐ Based on all the information available to me, I concluded that this pregnancy was the result of an act of rape.
 - ☐ Based on all the information available to me, I concluded that this pregnancy was the result of an act of incest.

I have documented in the patient's medical record the reason for performing the abortion; and I understand that Medicaid reimbursement to me for this abortion is subject to recoupment if medical record documentation does not reflect the reason for the abortion as checked above.

Fake Abortion Paperwork:

The Fake and Deceptive Science Behind Roe V. Wade Thomas W. Hilgers, 2020-08-20 Our schools and healthcare institutions have abandoned the Hippocratic Oath and the Declaration of Geneva and replaced it with a policy of lethality. This is a direct result of the Court's acceptance and promotion of archaic scientific reasoning. Roe v. Wade, that at best would be considered pre-medieval and clearly out of touch with scientific reality. Fallout includes the expansion into fetal experimentation, human cloning, embryonic stem cell research, infanticide, and even physician-assisted suicide programs. The respect for life ethic has slowly been removed as the Supreme Court has so strongly supported the lethality. It becomes a way of life ethic. Especially interesting is the lack of support for any positive solutions to these issues. The recognition is that life at all stages in the womb is precious and able to make extraordinary contributions to our ability to love and to be loved, to bring about peace, and to be at peace, to extract love in ways that only a very young and precious life is able to extract and to express love in ways that can be boundlessly meaningful. As we move to reestablish the human right to live, we must also move beyond lethality and install positive life-affirming and meaningful solutions to real human problems. God bless us all as we move in this direction.

SIYA LSVIV25, This is the story of Siya Parker, an 18-year-old simple and innocent girl who is in love with Andrew Williams. But fate has something else in store for her when she is forced to marry a 38-year-old arrogant actor David King who loves and lives just for his only daughter Amanda King. Will Siya become the Queen of his heart or will she be heartbroken?

Social Control under Stalin and Khrushchev Immo Rebitschek, Aaron B. Retish, 2023-08-31 How did the Soviet Union control the behaviour of its people? How did the people themselves engage with the official rules and the threat of violence in their lives? In this book, the contributors examine how social control developed under Stalin and Khrushchev. Drawing on deep archival research from across the former Soviet Union, they analyse the wide network of state institutions that were used for regulating individual behaviour and how Soviet citizens interacted with them. Together, they show that social control in the Soviet Union was not entirely about the monolithic state imposing its vision with violent force. Instead, a wide range of institutions such as the police, the justice system, and party-sponsored structures in factories and farms tried to enforce control. The book highlights how the state leadership itself adjusted its policing strategies and moved away from mass repression towards legal pressure for policing society. Ultimately, *Social Control under Stalin and Khrushchev* explores how the Soviet state controlled the behaviour of its citizens and how the people relied on these structures.

Obstacle Course David S. Cohen, Carole Joffe, 2021-07-27 This book tells the real story of abortion in America, one that captures a disturbing reality of sometimes insurmountable barriers put in front of women trying to exercise their legal rights to medical services. Without the efforts of an unheralded army of doctors, nurses, social workers, activists, and volunteers, what is a legal right would be meaningless for the almost one million people per year who get abortions. There is a better way: treating abortion like any other form of health care, but the United States is a long way from that ideal. **A Cub**
