Government Publications , **The Karmic Car Cycles** Cliff Livingstone, 2009-08 The universally themed book titled The
 Karmic Car Cycles is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone The book
 hits the ground running and is still running at the end Having led one of the wackiest most unusual and so far unlikely lives
 on the planet the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of
 about ten laughs a second The author proposes that his car misadventures occurred because he had a Karmic Car Cycle
 going on He then builds the case through a series of hilarious vignettes that work in their right own over and above the
 narrative In writing it is hard to find an approach that stands out from the crowd But this is what Livingstone has done with
 this distinctive work which lives up to its billing as a non stop romp morning noon and night The writing style is uproariously
 funny conversational wry even whimsical at times and is never less than totally entertaining The book is anything but your
 standard bowl of cornflakes Writing is about addressing other people Mr Livingstone has accurately identified the things
 about his life's experiences which could be of interest to others This gives the Karmic Car Cycles a more universal appeal
 than an average straight forward narrative novel might offer The book also has a universal appeal which everyone can enjoy
 in the sense that while located mainly in Canada the misadventures could just as easily have happened to anybody anywhere
 in the world whether rich poor male female sane zany or just plain still in their boots Likewise the author's self imposed
 criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which
 many writers could benefit **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1962
