*Edition* Roger Rumbu, 2018-03-17 Mining operations are the key elements in this time of technical changes and development. Transport housing different infrastructures are requiring more and more mining resources. The release of a new smartphone or tablet, the top self-driven electrical rocket program, are all felt in the womb of the earth somewhere in all continents and very soon in the moon. Even a new secured banking note or a pacemaker have their roots in the mines. Mining resources have not been all evaluated; many are estimated, explaining why since the man has started digging, many resources are still available, leading more and more people investing in mining operations to fill the needs of this world in perpetual development. This introduction to Mining Business Projects is a tool, a must have to help potential junior miners to make the right path in the ventures of mining operations. Mining operation is a tremendous story to share, please go for it. Roger Rumbu
