

Discussion Guide for Grades 6–8

The Revealers

Summary

Seventh-grader Russell describes Parkland Middle School (known by its student body as “Darkland”) as “an obstacle course of kids alert for someone they can go on and on ridicule.” Tired of the bullying that they experience on a daily basis, Russell and two classmates—Elliot and Catalina—start an unofficial e-mail forum at school in which they publicize their experiences. When other students write in with similar stories, it becomes clear that the problem at their school is bigger than anyone knew. *The Revealers* (as the forum is known) sparks awareness and begins to make a positive change in the school atmosphere, but just when the tide seems to be turning for the better, an act of revenge by a few students still bent on bullying others threatens the underground rebellion that has the whole school talking. This suspenseful story of computer-era underground rebellion offers fresh perspectives on some of the most enduring themes in fiction for young readers.

Kautz,2012-04-10 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history
