L. Northbridge,2018-07-11 This book and others in the same series takes place in a future where humanity has moved beyond the confines of the Earth and has started colonising other worlds both in our solar system and around nearby stars On one of these worlds a planet called Hera a group of female supremacists manage to gain control of the colonisation expedition and its colonies early on Under their rule the human colonists on Hera build a society based on female domination In their society only women can be citizens and all men are slaves indeed the word male is considered synonymous with slave among the Herans This book the first in the series tells the story of how this world came about seen through the eyes of some of the Heran colonists The book also contain additional background information on Hera and the society that develops there For mature readers only This is a Femdom themed book containing descriptions of males being brutally whipped and caned subjected to bondage and humiliation and reduced to slavery in a world of absolute female dominance **Femtopia** Lea H. Ciminiert,2021-05-05 Femtopia is the story of a near future society in which women have become the dominant sex and men have been reduced to the status of slaves To make their conquest enduring women have eliminated every reference of man from the written and spoken language Words such as mankind human woman and female are no longer used as all contain the word man or male Women now refer to themselves as Fems and to their race as Femkind The land in which they reside is called the Femdom Men are now called non Fems and dwell in prison camps **Femdom** Marisa Rudder,2022-04-08 Let s cut right to the chase MarisaRudder author of the world s bestselling Love Obey Female Led Relationship book series has released her highly anticipated book FEMDOM It has been an itch that her her fans and followers have been waiting to scratch for nearly 4 years Why is FEMDOM so exciting Are you part of a growing global community of couples eager to explore taboo sexual practices and socially forbidden lifestyles Find out why both men and women have a growing obsession with investigating FEMDOM Why are so many couples eager to consider the world of female domination and male submission Today more couples than ever are examining The Love Obey female domination lifestyle and they will certainly be adding many elements of FEMDOM to their evolving female led relationship experience FEMDOM The Erotic Guide to Female Domination is the 13th book in Marisa s wildly popular Love Obey Female Led Relationship book series In this latest book Marisa Rudder will surely hit her like a ton of bricks In FEMDOM she invites her readers to witness a new 21st century viewpoint and expand their understanding of old school Femdom If the future will be female led what role will FEMDOM play in the 21st century and beyond Marisa expresses her awe and admiration for traditional FEMDOM and uses her book as a canvas to paint human beings with a new poignancy in their female led relationships For this reason some readers are saying FEMDOM The Erotic

Guide to Female Domination captures explores and dissects our concepts of FEMDOM and takes us to new unexplored boundaries of female domination FEMDOM rounds off Marisa's already successful series of female empowerment books and even tops them Many couples have read the entire series and successfully transformed their entire lives They report being happier and more sexually fulfilled than ever before Starting with groundbreaking books Love Obey and Real Men Worship Women she has pioneered a pathway for couples to explore new alternative states of consciousness Female Domination Tearle Isobel (author),1901 *Can Female Power Save the Planet?* Rasa Von Werder,2006-09 Your book should help bridge the gap between the academic definitions and research on Matriarchy and real world initiatives BEATA MURRELL MATRIARCHAL SCHOLAR When a cork is no longer held down it rises up This is what has happened with Women WILLIAM BOND AUTHOR OF GOSPEL OF THE GODDESS Patriarchy is destroying the planet and everything on it Fortunately patriarchy is at an end Changes have occurred both inner and outer to transform our society from a conquest domination exploitation principle into one of nurturing caring justice This monumental shift is so vast that it is not easily seen in details nor at all moments As we look at day to day existence male domination is everywhere But if we look at the big picture at statistics studies astute observation and by the insight of those who have been focused on the subject it is obvious The book begins with the series of articles explaining that males exhibit the need to worship women an ancient practice forbidden in patriarchy now surfacing in secular forms From whence is this need Why do women show no need to conversely worship males This and more are all explained here **The Gynarchy and When Women Took Power** Aline D'Arbrant,2012 The male gender after shamefully usurped power naturally allotted to Women now is in complete degeneration and if there are many sisters who realize it almost everywhere in the world and at all levels of society just a few chose to fight for a regenerative female supremacy promising for the planet and future generations The Gynarchy of Aline d Arbrant gives the theoretical and practical means to win this fight and every Womyn will use it as a tool to soon succeed in her own little or big sphere the necessary female full empowerment and his corollary the male enslavement The following novel When Women Took Power is a fiction that could become reality A Lesbian takes power in France and an unexpected virus makes her able to begin the Emanication **Changing Times : Welcome to the Future - Part 1** EX-Q-ZIT,2017-11-19 This is part of the changing times series This book is a collection of five short stories about how different people reacted to when gradually women took over the world and a gender role reversal and dress inversion happened Femocracy, Gynarchy Fem Future,2021-02-18 What could a Femocracy be like What would Gynarchy Rule be like What kind of changes would take place Would people be ready for it to come to pass How many jobs would be created How would a female only society thrive in peace and safety without males allowed in public What would possibly happen if Communism arose with three distinct forms of government What if the middle east was under a strict Sharia Law removing all rights from women and the east and Europe were under Socialism and America became subject to Femocracy with Gynarchy Rule The author does not condone

anything illegal or immoral and this is but a story of possible scenes with Femocracy with Gynarchy Rule It is not to be taken seriously or as any form of treason or information or used as educational literature It is merely a look at a world where society is the exact opposite of Sharia Law in so many places All persons and places are fictional and a fabrication of the mind of the author This is basically a fantasy fiction work with no factual or educational data It expresses the possibility that three separate and different governments could make up a One World Order with the New World Order in America being Femocracy with strict Gynarchy Rule in fictitious settings If the reader is offended by female domination or anything which challenges the lifestyle of the US they would be good to avoid this The author may attempt to write a movie script along the lines of How The West Was Femmed with conversations included not in this work about the gradual rise in feminism and decline of masculinity as feminism arose through the stages towards a long sought Femocracy with Gynarchy Rule

Femdom Gang Steele Scarlett (author),1901 **When Roles Reverse** Fem Future,2021-10-22 What would life be like for future generations if radical feminists managed to enact a Gynarchy government of strict female control over all males Sally Meyers decides to help her brother stay free of the abuse many experienced at the hands of radical feminists and make sure that she never found out how life was under a Patriarchy This is a fantasy fiction work which is merely for entertainment It should not be considered real factual or used for any other purpose to include governmental views education or any form of hatred And resemblance to persons or places known at any time is coincidental and the author does not condone anything illegal or immoral Nothing in this work is known to be factual If the reader is offended by dominant women female control over men or women disciplining men or any form of political or governmental views which would condone such in fantasy they are advised to avoid this work **Gender on Planet Earth** Ann Oakley,2002-10-29 A provocative analysis of gender inequality s destructive effects on our society and our planet In this wide ranging and powerful new book the influential author and social scientist Ann Oakley mounts a devastating argument about the state of our humanity Drawing on examples such as the simple experience of riding a bicycle through London the way we ve become sick to death of women and the environmental abuse of our planet she shows how every aspect of our lives is dominated by male female power structures and forces us to take a step back and see how and why gender inequality has thrown our society out of balance In *Gender on Planet Earth* Oakley argues that the persistence of traditional gender values prevents us from leading more ethical and humane lives Governed by delusional systems such as psychoanalysis and sociobiology we assume that the imbalance of the sexes is the inevitable consequence of our genes psyches and unchangeable economic motives Drawing from a broad array of literature Oakley combines personal narrative with social commentary and eye opening statistics to provide a provocative account of the state we re really in *FEMDOM Unveiled* Miss Kalimala,2023-10-30 Why Buy This Book Finding trustworthy resources on Femdom and Female Led Relationships can be a challenge as many manuals and guides often indulge in extreme or unrealistic fantasies Our approach is refreshingly simple and grounded in reality providing practical insights from
