The Paramedic'S Guide To Research: An Introduction Griffiths, Pauline, Mooney, Gail, 2011-10-01 A practical and no nonsense guide to the sometimes daunting world of research and evidence based practice

Home Birth - E-Book Anna-Marie Madeley, 2023-07-15 As the rate of homebirth increases in the UK this important new book offers a basic practical guide for anyone involved in the planning resourcing and facilitation of safe and respectful birth at home Blending both contemporary academic and clinical practice this textbook covers the whole scope of home birth practice from antenatal care delivery and postnatal care as well as management of emergencies at home and practical advice for managing transfer Facilitating a safe home birth requires a robust multidisciplinary team approach Whatever your role in planning or attending a birth at home and whether you are a student practising midwife paramedic or obstetrician this resource will have something for you Covers the whole scope of home birth practice for each member the multidisciplinary team Written by leading experts from diverse backgrounds including midwives paramedics obstetricians and neonatal nurses from clinical practice academia and education Presents balanced and unbiased contemporary evidence supporting birth at home Discusses effective care planning from developing a homebirth services practical resources and skills equipment planning and geographical considerations Covers important topics within midwifery including the rise of freebirthing multidisciplinary team working and the care of women with complex biopsychosocial needs or from underrepresented communities Clearly identifies roles and responsibilities of the multidisciplinary team Suitable for midwifery students embarking on a home birth placement

Law and Ethics for Paramedics Georgette Eaton, 2022-04-01 Law and Ethics for Paramedics is the first book which really grapples with the application of law and ethics in the unique situations that paramedics and other prehospital

professionals find themselves The book is clear concise and eminently readable but most of all useful to operational ambulance clinicians and their managers Tim Kilner Senior Lecturer in Paramedic Science University of Worcester UK

Written by paramedics for paramedics this resource provides you with all the key information you will need to know as you navigate your way through the often tricky and complicated area of law and ethics in paramedic practice Eleven contributing authors each with their own perspectives and clinical backgrounds explain the essential principles and apply these across the whole of the UK Chapters cover a range of topics including Information governance Mental capacity Clinical negligence Paramedic use of social media Assessment and treatment of children Medicines management Each topic is broken down into practical chunks with many chapters supported by case studies to help relate the content to paramedic practice Sixteen case studies on topics from resuscitation to consent and useful top tips will help you develop reflect on and consider your own ethical practice The law and how it relates to your practice can be complex but with the help of this handy guide you will quickly gain confidence and insight into the legislation surrounding this vital aspect of paramedic practice

Pre-hospital Obstetric Emergency Training Advanced Life Support Group (ALSG),2009-10-30 The Pre hospital Obstetric Emergency Training POET programme provides an introduction to the obstetric patient and the anatomical and physiological changes that occur during pregnancy including interpretation of patient held records and rapid assessment of the obstetric patient It includes clear definitions and describes risk factors diagnosis and pre hospital management of significant problems that occur in both early and late pregnancy and the immediate postnatal period These are all situations that the pre hospital practitioner may attend This text and the accompanying integrated on line and hands on course will help practitioners identify and manage a range of time critical obstetric emergencies specifically in the pre hospital setting and provides a structured examination and assessment technique as an aid to determining what treatments should be provided before transport as well as when and how urgently transport should be initiated POET is of relevance to paramedics ambulance staff doctors and nurses working in the emergency pre hospital setting and to midwives facilitating home births It will also be of considerable value to medical and nursing practitioners working in Emergency Departments and unscheduled care settings where immediate access to skilled obstetric assistance is not available

Paramedic Principles and Practice in the UK - E-Book Aidan Ward,2023-04-13 Paramedic Principles and Practice in the UK is a key textbook designed to support paramedicine students in this country throughout their studies The volume takes a practical approach with case histories covering a broad range of clinical presentations and treatments all incorporating a patient centric perspective that acknowledges the longer patient journey This must have textbook will not only arm readers with technical knowledge and expertise but also with the non technical principles of the profession developing future paramedics who are able to provide a safe and effective management plan in the out of hospital environment Aligned to UK paramedicine curricula More than 40 detailed case studies covering essential pathologies most commonly seen by UK paramedics as well as less typical scenarios Evidence based clinical

decision making models to support paramedics in practice Essential physiological concepts to help readers bridge the gap from principles to practice Focus on the wellbeing of both the patient and the paramedic Useful appendices including medications commonly encountered in paramedic settings **Foundations for Paramedic Practice** Amanda

Blaber,2012-04-01 This book addresses the theoretical elements of paramedic courses including psychology and sociology and provides clear links to practice Trauma Care Pre-Hospital Manual Ian Greaves,Keith Porter,2018-12-07 This new

book provides evidence based guidelines for the immediate clinical management of major trauma It has been written by clinicians with many years of trauma experience and endorsed as authoritative by Trauma Care UK The UK now has highly effective trauma systems Clinical developments include the introduction of damage control resuscitation tranexamic acid blood product resuscitation novel hybrid resuscitation and an emphasis on the control of major external haemorrhage as part of a new ABCDE approach Consequently more individuals with major trauma are surviving than ever before Optimal pre hospital care is essential for improved survival rates and reduced morbidity **The Parliamentary Monitor** ,2002

Assessment Skills For Paramedics Blaber, Amanda,Harris, Graham,2011-10-01 A concise and accessible text designed for paramedics and student paramedics looking for a quick reference guide to key assessment skills *British Qualifications*

Kogan Page,2004 In a single volume the new edition of this guide gives comprehensive coverage of the developments within the fast changing field of professional academic and vocational qualifications career fields their professional and accrediting bodies levels of membership and qualifications and is a one stop guide for careers advisors students and parents It should also enable human resource managers to verify the qualifications of potential employees **Ambulance Service**

Paramedic Training Ambulance Service Association,2007 **Your Professional Qualification** ,2002 What is the difference between an academic and professional qualification Who should get a professional qualification Did you know that some professions can not be legally practised with a degree alone Why get a UK qualification Is it expensive to gain a British qualification What is a chartered institute or society and is it better than a non chartered body What is the difference between a professional body and a trade union These are all questions answered in this book which is designed to help individuals choose a career path and the right professional organisation In today s world it isn t enough to have a qualification you need to be able to meet with peers and use the valuable networks that are already in place to foster your profession Your Professional Qualification provides a comprehensive survey of the qualifications available in the UK along with guidance on where they lead entry requirements where to apply and where to study Derived from the vast and authoritative British Qualifications database this important publication provides the first easily accessible guide to qualifications and how to get them in the UK Built around a comprehensive directory of professional qualifying bodies each professional area is described in depth and its qualifications identified and explained The book is supported by a simple website which ensures purchasers of the book are kept up to speed with new developments **The Paramedic at Work**

Leo McCann,2022 Ambulance services and paramedics perform critical roles in contemporary healthcare economies yet this occupation is widely misunderstood Through in depth interviews and ethnographic observation Leo McCann offers the first detailed study of the nature development culture and future of the paramedic profession in England **Medical Disorders in Pregnancy** S. Elizabeth Robson,Jason Waugh,2013-05-29 The need for joint medical and midwifery care is stressed in the latest CEMACH report with a recommendation that contemporary midwifery education prepares midwives for problems in pregnancy and adverse pregnancy outcome Pre conception care for women with medical disorders has also been stressed Medical Disorders in Pregnancy is one of the first texts written specifically for midwives that provides an outline of common medical disorders that may be affected by pregnancy or which may cause pregnancy complications For ease of use all conditions are presented on two page templates and each addresses An explanation of the condition Standard Non pregnancy treatment Pre conception care Antenatal care Intrapartum care and Postnatal care The management treatment and care by both doctors and midwives are provided to allow a mutual understanding of each others roles and responsibilities
