## **Lives Of The Most Eminent Painters Sculptors And Architects Complete:**

Lives of the most eminent painters, sculptors and architects Giorgio Vasari,1910      *Lives of the Most Excellent Painters, Sculptors and Architects* Giorgio Vasari,2023-12-01 Giorgio Vasari's *Lives of the Most Excellent Painters Sculptors and Architects* serves as a foundational cornerstone in the understanding of Renaissance art and artists. Written in a compelling and biographical style, the book presents a series of vivid portraits of prominent artists, offering insights into their lives, techniques, and the sociocultural context in which they worked. Through his detailed narratives, Vasari not only chronicles the triumphs and tribulations of these creative figures but also imbues the text with his critical assessment of their contributions, bridging the evolution of artistic endeavors from the Medieval period through the Renaissance. Vasari himself, a painter and architect, was deeply embedded in the artistic milieu of 16th-century Italy. His firsthand experiences and relationships with the artists he profiles inform the text, as he offers a privileged insider's viewpoint of the artistic process and the challenges associated with it. Driven by a desire to elevate the status of artists and to document their legacies, Vasari's work reflects both his reverence for art and his ambition to create a comprehensive historical record. *Lives of the Most Excellent Painters Sculptors and Architects* is essential reading for anyone interested in the vibrant tapestry of Renaissance art. Its combination of biography, critique, and art history makes it valuable for both scholars and those new to the subject. Readers will find themselves captivated not only by the stories of the artists but also by the profound impact their work has had on culture and creativity.

*Lives of the Most Eminent Painters, Sculptors, and Architects: Tr. from the Italian of Giorgio Vasari. With Notes and Illustrations, chiefly Selected from Various Commentators. By Mrs. Jonathan Foster ...* Giorgio Vasari,1855      **Lives of the Most Eminent Painters, Sculptors, and Architects** Giorgio Vasari,1999-01-01 This Elibron Classics title is a reprint of the original edition published by Henry G Bohn in London 1850      The Lives of the Most Excellent Painters, Sculptors, and Architects V6 Giorgio Vasari,2015-12-04 The *Lives of the Most Excellent Painters Sculptors and Architects*. Often called the first art historian, Vasari invented the genre of the encyclopedia of artistic biographies with his *Le Vite de pi eccellenti pittori scultori ed architettori*. *Lives of the Most Eminent Painters Sculptors and Architects* dedicated to Grand Duke Cosimo I de' Medici, which was first published in 1550. He was the first to use the term Renaissance *rinascita* in print, though an awareness of the ongoing rebirth in the arts had been in the air since the time of Alberti, and he was responsible for our use of the term Gothic Art, though he only used the word Goth, which he associated with the barbaric German style. The *Lives* also included a novel treatise on the technical methods employed in the arts. The book was partly rewritten and enlarged in 1568 with the addition of woodcut portraits of artists, some conjectural. The work has a consistent and notorious bias in favour of Florentines and tends to attribute to them all the developments in Renaissance art; for example, the invention of engraving. Venetian art, in particular, along with arts from other parts of Europe, is systematically ignored in the first edition. Between the first and second editions, Vasari visited Venice, and while the second edition gave more attention to Venetian art, finally

including Titian it did so without achieving a neutral point of view Vasari's biographies are interspersed with amusing gossip. Many of his anecdotes have the ring of truth while others are inventions or generic fictions such as the tale of young Giotto painting a fly on the surface of a painting by Cimabue that the older master repeatedly tried to brush away a genre tale that echoes anecdotes told of the Greek painter Apelles. With a few exceptions however Vasari's aesthetic judgement was acute and unbiased. He did not research archives for exact dates as modern art historians do and naturally his biographies are most dependable for the painters of his own generation and those of the immediate past. Modern criticism with new materials opened up by research has corrected many of his traditional dates and attributions. Vasari includes a sketch of his own biography at the end of the *Lives* and adds further details about himself and his family in his *Lives of Lazzaro Vasari and Francesco Salviati*. According to the historian Richard Goldthwaite Vasari was one of the earliest authors to use the term competition or *concorrenza* in Italian in its economic sense. He used it repeatedly and stressed the concept in his introduction to the life of Pietro Perugino in explaining the reasons for Florentine artistic preeminence. In Vasari's view Florentine artists excelled because they were hungry and they were hungry because their fierce competition amongst themselves for commissions kept them so. Competition he said is one of the nourishments that maintain them. *Lives of the Most Eminent Painters, Sculptors & Architects* Giorgio Vasari, 1914
