A compelling and lucid account of the life and teachings of a founder of rabbinic Judaism and one of the most beloved heroes of Jewish history Born in the Land of Israel around the year 50 C E Rabbi Akiva was the greatest rabbi of his time and one of the most important influences on Judaism as we know it today Traditional sources tell how he was raised in poverty and unschooled in religious tradition but began to learn the Torah as an adult In the aftermath of the destruction of Jerusalem by the Romans in 70 C E he helped shape a new direction for Judaism through his brilliance and his character Mystic legalist theologian and interpreter he disputed with his colleagues in dramatic fashion yet was admired and beloved by his peers Executed by Roman authorities for his insistence on teaching Torah in public he became the exemplar of Jewish martyrdom Drawing on the latest historical and literary scholarship this book goes beyond older biographies untangling a complex assortment of ancient sources to present a clear and nuanced portrait of Talmudic hero Rabbi Akiva **Monstrous**

Kendra Reynolds, 2019-10-23 This monograph aims to counter the assumption that the anti tale is a subversive twin or dark side of the fairy tale coin instead it argues that the anti tale is a genre rich in complexity and radical potential that fundamentally challenges the damaging ideologies and socializing influence of fairy tales *The Feminist Architecture of Postmodern Anti Tales* Space Time and Bodies highlights how anti tales take up timely debates about revising old structures opening our minds up to a broader spectrum of experience or ways of viewing the world and its inhabitants They show us

alternative architectures for the future by deconstructing established spatio temporal laws and structures as well as limited ideas surrounding the body and ultimately liberate us from the shackles of a single minded and simplistic masculine reality currently upheld by dominant social forces and patriarchal fairy tales themselves It is only when these masculine fairy tales and social architectures are deconstructed that new more inclusive feminine realities and futures can be brought into being

Book of Lives Margaret Atwood,2025-11-04 How does one of the greatest storytellers of our time write her own life The long awaited memoir from one of our most lauded and influential cultural figures Every writer is at least two beings the one who lives and the one who writes Though everything written must have passed through their minds or mind they are not the same Raised by ruggedly independent scientifically minded parents entomologist father dietician mother Atwood spent most of each year in the wild forest of northern Quebec This childhood was unfettered and nomadic sometimes isolated on her eighth birthday It sounds forlorn It was forlorn It gets more forlorn but also thrilling and beautiful From this unconventional start Atwood unfolds the story of her life linking seminal moments to the books that have shaped our literary landscape from the cruel year that spawned *Cat's Eye* to the Orwellian 1980s of East Berlin where she wrote *The Handmaid's Tale* In pages bursting with bohemian gatherings her magical life with the wildly charismatic writer Graeme Gibson and major political turning points we meet poets bears Hollywood actors and larger than life characters straight from the pages of an Atwood novel As we travel with her along the course of her life more and more is revealed about her writing the connections between real life and art and the workings of one of our greatest imaginations

Translation, the Canon and its Discontents Miguel Ramalheite Gomes,2017-08-21 This collection addresses the complex process by which translation and other forms of rewriting have contributed to canon formation revision destabilization and dismantlement Through the play between version and subversion which is inherent to any form of rewriting these essays focusing on translations since the sixteenth century down to the present day stress the role of translation and adaptation as potentially transformative mediations capable of shaping and undermining identities Such manipulation is deeply ambivalent since it can be used as a means of disseminating the ideology of oppressive regimes at the expense of the source text but it can also serve to garner attention to marginalised texts This tense interplay between political social and aesthetic purposes almost inevitably generates discontents which may turn out to be the outcome of translation in general However discontent is a relational concept depending on where one stands in the field of competing positions that is the canon
