Stronger evidence for this conclusion is provided by comparing these findings with past studies that used the study-to-study variability. The overall mean and standard deviation of the study-to-study variability in the present is not different from the assumption.

THE FOLLOWING ARE THE NAMES OF THE STUDENTS WHO PARTICIPATED IN THE STUDY:

Following these two completed issues in English, there will be a discussion of the new data collection, and then a short presentation of the new data analysis. The meeting will be held in the morning of the first day of the conference and will be held in the afternoon of the second day.
