| 3rd ed ,1914 **Normal Instructor and Primary Plans** ,1914 **Hard Labor** Susan L. Diamond,1996 In *Hard Labor*
Susan L Diamond B S N R N shares a unique insider s view of childbirth Diamond s lifetime of experience as a prepared
childbirth instructor as an obstetrical nurse who spent nearly a decade working on labor and delivery wards and as a mother
of two has given her an unmatched perspective on giving birth and on the impact of modern medicine on this most special
time for mother and child Too often in American hospitals today the process of labor and delivery is treated as an illness not
as a natural if life altering event Women are dehumanized by artificially established labor curves and confined by often
unnecessary machinery their personal needs even their privacy subsumed under the rules of the system Fear of malpractice
has added to the rigidity of the system but so has a lack of true caring and a fondness for expediency Diamond s vision of
childbirth as a natural normal event one that should be enhanced not corrupted by modern medicine shines from every page
of this powerful emotionally evocative work *Hard Labor* introduces readers to dozens of mothers fathers and families and
reveals the wide spectrum of triumph and tragedy that fills labor and delivery wards Diamond s fellow nurses and the doctors
with whom they work also spring to life in her vivid recountings of medical disasters and miracles From accounts of the
sadness of death in utero to the joy of unexpectedly delivering twins *Hard Labor* is a moving reading experience But more it
offers women the information they need to make informed choices about their own plans for childbirth BOOK JACKET Title
