**The Tale of Genji** Michael Emmerich, 2013 Michael Emmerich thoroughly revises the conventional narrative of the early modern and modern history of The Tale of Genji Exploring iterations of the work from the 1830s to the 1950s he demonstrates how translations and the global circulation of discourse they inspired turned The Tale of Genji into a widely read classic reframing our understanding of its significance and influence and of the processes that have canonized the text Emmerich begins with an analysis of the lavishly produced best seller Nise Murasaki inaka Genji A Fraudulent Murasaki s Bumpkin Genji 1829 1842 an adaptation of Genji written and designed by Ryutei Tanehiko with pictures by the great print artist Utagawa Kunisada He argues that this work introduced Genji to a popular Japanese audience and created a new mode of reading He then considers movable type editions of Inaka Genji from 1888 to 1928 connecting trends in print technology and publishing to larger developments in national literature and showing how the one time best seller became obsolete The study subsequently traces Genji s reemergence as a classic on a global scale following its acceptance into the canon of world literature before the text gained popularity in Japan It concludes with Genji s becoming a national classic during World War II and reviews an important postwar challenge to reading the work after it attained this status Through his sustained critique Emmerich upends scholarship on Japan s preeminent classic while remaking theories of world literature continuity and community *Sources of Japanese Tradition: From earliest times to 1600* William Theodore De Bary, 2001

*The Hero's Mortal Walls* William F. Woods,2024-01-04 The heroes of early narrative are the faces of an older world In constant retellings their stories hold the memory like members of an extended family Gilgamesh Odysseus Beowulf Gawain Roland Yvain Genji in their colorful often exaggerated ways they show how the people of their own time and place liked to know themselves The heroes embody their identity and reflect their culture Because their world was

difficult and dangerous every hero needed defensive strengths This book analyzes seven iconic heroes and compares each champion to a walled town or castle hardened against an outer threat These defenses are the mortal walls of their identity their strengths against the world as well as their dealings within it and are exemplified in their actions as warriors distinct rhetoric complex relationships with women and devotion to the divine By delving into some of early narrative s most renowned heroes the book reveals the pieces of their inner selves that even they cannot keep outside the walls but must finally accept with firm humility

**Masking Selves, Making Subjects** Associate Professor of English and Associate Professor of English Traise Yamamoto, 1999-01-06 This sophisticated and comprehensive study is the first to situate Japanese American women s writing within theoretical contexts that provide a means of articulating the complex relationships between language and the body gender and agency nationalism and identity Through an examination of post World War II autobiographical writings fiction and poetry Traise Yamamoto argues that these writers have employed the trope of masking textually and psychologically as a strategy to create an alternative discursive practice and to protect the self as subject Yamamoto s range is broad and her interdisciplinary approach yields richly textured in depth readings of a number of genres including film and travel narrative Looking at how the West has sexualized infantilized and feminized Japanese culture for over a century she examines contemporary Japanese American women s struggle with this orientalist fantasy Analyzing the various constraints and possibilities that these writers negotiate in order to articulate their differences she shows how masking serves as a self affirming discourse that dynamically interacts with mainstream culture s racial and sexual projections
