Teacher(s): Danielle Musil
Date: April 18 th , 2022 to April 22 nd , 2022
Subject/grade level: Science/ 5 th grade
Materials: Laptops, printed out reading materials, highlighters, Biome worksheets,
State Standards: - LS2-5-2: Use evidence to construct an explanation for how the variations in characteristics among individuals of the same species may provide advantage in surviving, finding mates, and reproducing. - LS2-5-3: Construct an argument with evidence that in a particular habitat some organisms can survive well, some survive less well, and some cannot survive at all.
Lesson objective(s): - Answer the question "What is a Biome?" - Know what each biome is (desert, tropical rainforest, temperate rainforest, marine, savanna and tundra) and the characteristics that are associated with each biome - Plant life and animals that live in each biome and how they adapt and survive.
Differentiation/Accommodation strategies to meet diverse learner needs: - Student with a reading disability would be able to - access the reading passages online and listen to me read them while following along on their laptops. - Work in small groups - Access the assignment at home so they can have more time to navigate and work the assignment with parents/guardians.
ENGAGEMENT - Introduce the term "biome" to the whole class and brainstorm what we might think biome is in regards to science and animals. - Watch a video on YouTube, explaining what biomes are.
EXPLORATION - Once we complete the whole group brainstorming activity, we will break out into small group work to complete the biome worksheets. This is where they show me what they "already know" about biomes, and then they can do research to discover more. - This particular part will take more than one class period (possibly 2 to 3 class periods) - Work on major vocabulary from the unit - Find the definition for the words on their own - Separate into teams and search the room for the definitions
EXPLANATION - What types of animals do you notice that live in (specific biome)? - What do these animals have in common? What is different? - How do these animals compare to animals that live in different biomes? - Why do you think these animals have these specific traits or characteristics?
ELABORATION Introduced Vocab: Biome, vegetation, climate, wildlife, desert, tropical rainforest, temperate rainforest, marine, savanna, tundra, adaptation, predator, prey.
EVALUATION Students will take all the knowledge and research they've done to pick between two final projects; a
