

9. Incorrect numbering of answers to questions or sub-questions in SECTION A and B will be severely penalised. Therefore, correct numbering is strongly recommended in all sections.
10. No additional credit must be given for repetition of facts. Indicate with an 'R'.
11. Note that no marks will be awarded for indicating Yes/No in evaluation type questions requiring substantiation or motivation. (Applicable for SECTION B and C)
12. The differentiation between "evaluate" and "critically evaluate" can be explained as follow:
- 12.1 When "evaluate" is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. Positive: *"COIDA eliminates time and costs spent on lengthy civil court proceedings."* []
- 12.2 When "critically evaluate" is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance candidates are also expected to support their responses with more depth, e.g. *"COIDA eliminates costs and time spent on lengthy civil court proceedings [], because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent."* []

NOTE: The above could apply to "analyse" as well.

13. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guideline and the context of each question. Cognitive verbs such as:
- 13.1 Advise, name, state, mention, outline, motivate, recommend, suggest (*list not exhaustive*) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.
- 13.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (*list not exhaustive*) requires a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.
14. Section B
- 14.1 If for example, FIVE facts are required, mark the candidate's FIRST FIVE responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word "Cancel".

NOTE: This applies only to questions where the number of facts is specified.

Workers and Blue-collar Workplaces Kellie Gonçalves, Helen Kelly-Holmes, 2020-11-26 This collection brings together global perspectives which critically examine the ways in which language as a resource is used and managed in myriad ways in various blue collar workplace settings in today's globalized economy. In focusing on blue collar work environments the book sheds further light on the informal processes through which top down language policies take place in different multilingual settings and the resultant asymmetrical power relations which emerge among employees and employers in such settings. Taking into account the latest debates on poststructuralist theories of language the volume also extends its conceptualization of language to demonstrate the ways in which it extends to a wider range of multilingual and multimodal resources and communicative practices all of which combine in unique and different ways toward constructing meaning in the workplace. The volume's unique focus on such workplaces also showcases domains of work which have generally until now been less visible within existing research on language in the workplace and the subsequent methodological challenges that arise from studying them. Integrating a range of theoretical and methodological approaches along with empirical data from a diverse range of blue collar workplaces this book will be of particular interest to students and researchers in critical sociolinguistics, applied linguistics, sociology and linguistic anthropology. **Official Gazette** Philippines, 2004 **BUSINESS**

But Turtle Island has its dark side. In 2014 Koh Tao was the site of the brutal double murders of two British backpackers but theirs weren't the only suspicious backpacker deaths. My name is Suzanne Buchanan I am the former owner and editor of the Samui Times a news publication on Koh Samui and covered the stories of the so called backpacker murders and other suspicious deaths. Although I am a British citizen because of my investigation and stories as well as my support for the two Burmese migrant workers sentenced to death for the murders I had to flee Thailand for my own safety. There is currently an active warrant for my arrest should I return to Thailand which had been my home for more than twenty years and I continue to receive death threats. In **THE CURSE OF THE TURTLE** readers can make up their own minds on who is responsible for the murders that so devastated the victims' families. Were the Burmese migrant workers responsible? Or were the powerful tribal families who run Koh Tao involved? And if so were they aided by corrupt law enforcement? **BUSINESS COMMUNICATION** Veera Thakur, Vikrant Verma, 2024-11-01 Buy E Book of **BUSINESS COMMUNICATION** For MBA 1st Semester of AKTU Dr A P J Abdul Kalam Technical University UP [Handbook of Research on Entrepreneurship Development and Opportunities in Circular Economy](#) Baporikar, Neeta, 2020-06-26 With the need for sustainability a focus on developing an economic system that aims at minimizing waste commonly referred to as the circular economy is emerging.
