Kennedy: The Final Analysis** David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK's throat and the massive avulsed blow out in the back of his head both involved frontal shots What distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik's optical density measurements of the JFK skull X rays in the National Archives leave no

doubt the X rays were altered to disguise evidence of the two frontal shots With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre autopsy surgery on JFK s head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue The world is starving for objective science This book contains objective forensic science for which the world will never be ready If the X rays were doctored the CIA the FBI and the US Secret Service have some questions to answer The public deserves the nal analysis of these issues James Lyons Weiler PhD The Institute for Pure and Applied Knowledge

The Big Nine Amy Webb,2019-03-05 A call to arms about the broken nature of artificial intelligence and the powerful corporations that are turning the human machine relationship on its head We like to think that we are in control of the future of artificial intelligence The reality though is that we the everyday people whose data powers AI aren t actually in control of anything When for example we speak with Alexa we contribute that data to a system we can t see and have no input into one largely free from regulation or oversight The big nine corporations Amazon Google Facebook Tencent Baidu Alibaba Microsoft IBM and Apple are the new gods of AI and are short changing our futures to reap immediate financial gain In this book Amy Webb reveals the pervasive invisible ways in which the foundations of AI the people working on the system their motivations the technology itself is broken Within our lifetimes AI will by design begin to behave unpredictably thinking and acting in ways which defy human logic The big nine corporations may be inadvertently building and enabling vast arrays of intelligent systems that don t share our motivations desires or hopes for the future of humanity Much more than a passionate human centered call to arms this book delivers a strategy for changing course and provides a path for liberating us from algorithmic decision makers and powerful corporations
