Discussion - What is Bullying?

Bullying often starts when people pick on something about you that's different.

It could be how big you are, the colour of your skin, or how you're doing at school.

But no one's the same - and that's why bullying is so stupid.

There are many types of bullying - physical, emotional - even cyberbullying. In this lesson we are going to discuss different types and causes of bullying and produce an advice sheet to help someone who is a victim of bullying.

To begin, get into pairs and complete a mind map showing everything you know about bullying. The next slide shows you how to create a mind map.

TASK

Things to include:

- Provide examples of different types of bullying (name calling, cyberbullying, etc)
- Include advice – what can children do if they're being bullied?
- Use headings, columns, colour and images
- Use appropriate language and style for a reader aged between 8 and 10

Layout and Images

It is a good idea to print off some **images** from the internet that you can use in your advice sheet. Remember that your images should be **relevant** to the subject matter of bullying and illustrate or emphasise things in the text.

Think about the **layout**. Try to make your advice leaflet look interesting and sympathetic. Think about the **audience** (readers aged 8 to 10) when deciding how to set out the page.

- Pupils should be taught to write by identifying the audience for, and purpose of, their writing, selecting the appropriate form and using other similar writing as models for their own.
