**Draw a Straight Line and Follow It** Jeremy Grimshaw, 2011 Recognized as the patriarch of the minimalist movement Brian Eno once called him the daddy of us all La Monte Young remains an enigma within the music world one of the most important and yet most elusive composers of the late twentieth century Early in his career Young almost completely eschewed the conventional musical institutions of publishers record labels and venues in order to create compositions completely unfettered by commercial concerns Yet at the same time he exercised profound influence on such varied figures as Terry Riley Cornelius Cardew Andy Warhol Yoko Ono David Lang The Velvet Underground and entire branches of electronica and drone music For half a century he and his partner and collaborator Marian Zazeela have worked in near seclusion in their Tribeca loft creating works that explore the furthest extremes of conceptual audacity technical sophistication acoustical complexity and overt spirituality *Draw A Straight Line and Follow It The Music and Mysticism of La Monte Young* stands as the first narrative study to examine Young's life and work in detail The book is a culmination of a decade of research during which author Jeremy Grimshaw gained rare access to the composer and his archives Loosely structured upon the chronology of the composer's career the book takes a multi disciplinary approach that combines biography musicology ethnomusicology and music analysis and illuminates such seemingly disparate aspects of Young's work as integral serialism and indeterminacy Mormon esoterica and Vedic mysticism and psychedelia and psychoacoustics *Draw A Straight Line and Follow It* is a long awaited in depth look at one of America's most fascinating musical figures

**Mistakable French** Philip Thody, Howard Evans, Gwilym Rees, 1985      Write Yourself In Eric Tipler, 2024-06-11 Write authentic memorable college essays that will help you get into the right school for you with this guidebook from a veteran college admissions expert Every spring over one million high school juniors embark on an annual rite of passage applying to college And with college admission rates at an all time low getting into a competitive school is now tougher than ever At the top schools a strong transcript and great test scores will get your application noticed but it's your essays and the personal story that they highlight that will get you admitted But often students don't know where to start Teens fret over topics because they don't know what college admissions officers are looking for They bend over backwards to write what they think colleges want to read instead of telling their authentic story which is what admissions officers actually want in a way that will resonate with their readers They also struggle because college essays which are narrative first person and introspective require a different set of skills from academic expository writing they've been learning for years in the classroom Seasoned college admissions expert and educator Eric Tipler has seen this firsthand Teens and their parents spend countless anxiety filled hours crafting and refining essays that are often lackluster In Write Yourself In Tipler meets students where they are and provides comprehensive actionable advice in a warm and conversational tone He demonstrates how to craft a winning essay one that is authentic vulnerable and demonstrative of qualities like personal growth and emotional maturity Instead of formulas Write Yourself In gives students step by step processes for brainstorming outlining writing and revising essays It encourages them to seek out feedback at key points in the process something Tipler has found to be vital to helping students produce their best writing Further the book includes sidebars that teach essential components of good storytelling a secret weapon in the admissions process In addition to the admissions essay Write Yourself In also covers the most common supplemental essays on topics like community diversity openness to others viewpoints and why their school is a good fit for the student scholarship essays as well as scholarship essays Tipler includes sections that address current topics like the widespread use of ChatGPT and the discussion of race in the admissions essay a facet of the student's application that will have newfound importance given the Supreme Court decision on affirmative action Written with both the parent and teen in mind Write Yourself In is the go to handbook for writing a great college essay      **Faux Amis and Key Words** Philip

Thody, Howard Evans, Gwilym Rees, 2015-12-17 Witty entertaining and informative this book on so called false friends will be of immediate use to anyone using the French language and needing to understand French society and culture The individual entries have been carefully designed to carry the basic linguistic information required and then develop into a wider consideration of the social and cultural context within which the specific words and phrases are used in current French As this title is supposed to be used in conjunction with and not instead of a dictionary it also offers a brief list of recommended reading ranging from standard dictionaries to introductory works on French society and institutions      **General Catalogue**
