Her Intern Anne Marsh, 2019-11-01

A red-hot story from New York Times bestselling author Anne Marsh. Billionaire Devlin King goes undercover to expose the company that's stolen his work, but after a sizzling encounter with his new boss, can he keep his eyes on the prize? My company's software has been pirated by a tech start-up, but its owner, the beautiful Lola Jones, would never admit it. As a renowned Silicon Valley CEO, I couldn't exactly walk into her office and accuse her, so when I saw a chance to go undercover as her new summer intern, I took it. It shouldn't have been difficult to prove my theory, but Lola is smarter than I gave her credit for, and the chemistry between us is an unexpected complication. She might be an infuriating boss, but her power over me drives me wild with desire. When our sexual tension threatens to bubble over, we cross a line, and one night of exhilarating pleasure soon turns into several. Evidently, she's more than a match for me in bed as well as business. As I've grown closer to Lola, I can't stop thinking about her. Each irresistible encounter is more electrifying than the last, and when she discovers my true identity, sparks will really fly, unless I can convince her our connection is worth fighting for.

Taking a Risk Lexy Timms, Divorced, childless and jobless at 30. My younger self had it all planned. I would be married by 22, check. Have the dream job after university, check. And a couple of kids to go with the perfect wife. Scratch that. My wife left me for a guy ten years younger than me, and they're having the babies we should have had. The dream job became a dream when the company I worked for went belly up because of bad investments. So here I am, moving across the state with just my dog to the big city. Single, jobless, and about enough money after the divorce to pay off my truck and hopefully rent an apartment. Apparently, it's my destiny. I got offered an easy job managing some billionaire's estate while he's off to Antarctica for three months on some expedition. So here I sit, counting his money, pretending to be him. Well, more like a glorified house sitter whose German shepherd actually landed me the job because he looks like a guard dog. Which couldn't be further from the truth. What I didn't expect, nor I assume did he, was that his daughter would show up. One that apparently can't stand her father. He said to treat everything as if it were mine. I might be taking this job a little too literally.
