Game Of Thrones Set 2:

Game of Thrones: House of the Dragon [Season 2] Gina McIntyre, 2024-12-03 Return to Westeros with this deluxe book that explores the creation of season two of HBO's hit series House of the Dragon. Following the huge international success of House of the Dragon season one, HBO's acclaimed series returns for a second season. Author Gina McIntyre, who wrote Insight's best-selling book on season one Game of Thrones: House of the Dragon Inside the Creation of a Targaryen Dynasty, has returned to the set at Leavesden Studios near London to chronicle the making of season two, receiving unprecedented access to the production. Season two promises even more intrigue and action with remarkable performances and unforgettable set pieces all explored in depth within this must-have volume that makes the perfect companion to McIntyre's original book. Filled with concept art, on-set photography, and other dazzling visuals, this will be the ultimate exploration of a highly anticipated TV event. **EXCLUSIVE ACCESS** Go behind the scenes of season two of House of the Dragon and discover exclusive insights and secrets from the show's set. **REVEALING INTERVIEWS** Go behind the scenes of House of the Dragon through in-depth interviews with showrunner Ryan Condal and the incredible cast and crew. **STUNNING IMAGERY** Explore a treasure trove of never-before-seen images, including concept designs for the show's dragons, locations, and costumes, plus candid on-set photos. **OFFICIALLY LICENSED** The only officially licensed making-of book for season two of HBO's House of the Dragon. **COMPLETE YOUR COLLECTION** Game of Thrones: House of the Dragon Inside the Dawn of the Targaryen Civil War is the perfect companion to Game of Thrones: House of the Dragon Inside the Creation of a Targaryen Dynasty, The Art of Game of Thrones, and Game of Thrones: The Costumes, also published by Insight Editions. [Game of Thrones - A View from the Humanities Vol. 2](#) Alfonso Álvarez-Ossorio, Fernando Lozano, Rosario Moreno Soldevila, Cristina Rosillo-López, 2023-01-27 This book focuses on the characters that populate the Game of Thrones universe and on one of the most salient features of their interaction: violence and warfare. It analyses these questions from a multidisciplinary perspective that is chiefly based on Classical Studies. The book is divided into two sections. The first section explores Martin's characters as the mainstay of both the novels and the TV series, since the author has peopled his universe with three-dimensional intriguing characters that resonate with the reader audience. The second section is devoted to violence and warfare, both pervasive in the Game of Thrones universe. In particular, the TV series' depiction of violence is explicit, going beyond the limits that have seldom been traversed in primetime television: i.e. the execution of Ned Stark, the Red Wedding, and the Battle of the Bastards. In the Game of Thrones universe, violence is not only restricted to warfare but is an everyday occurrence, a result of the social and gender inequalities characterising the world created by Martin. The Political Effects of Entertainment Media Anthony Gierzynski, 2020-07-08 Entertainment media are rife with material that touches on the political The stories with which we entertain ourselves often show us for better or worse that everything can be solved by the rise of an individual hero and that the best way to deal with a bad guy with a gun is a good guy with a gun Our stories portray individuals along the lines of gender racial and ethnic stereotypes offer us villains that are one dimensional characters driven by evil and show us politicians who are almost always corrupt self serving and or incompetent They offer up models for how to deal with oppressive authority and they typically portray worlds that are just where those who do the right thing come out on top Entire entertainment genres with their shared story telling conventions and common plot devices provide lessons and perspectives that are relevant to how the public sees political issues The stories that entertain us show us all these things and more but to what effect Does the pervasive politically relevant content that can be found not just in political entertainment shows like House of Cards but also in entertainment like Game of Thrones that on the surface has nothing to do with modern politics affect people s perspectives on the political world That is the central question of this volume This book discusses the type of content in entertainment media that has the best chance of influencing political beliefs draws from the work of scholars in a number of disciplines in order to forge a theory explaining how and when entertainment media will affect political perspectives and presents a series of empirical studies using

experiments and surveys that demonstrate the effect of politically relevant content in shows such as Game of Thrones House of Cards The Daily Show and The Colbert Report in genres such science fiction and through pervasive villain and leader character types
