

## THE T-MAG II PRESS

The Lyman T-Mag Press features a powerful compound leverage with a unique position indexable turret and quick disconnect release system. This allows you to mount several die sets, precisely locked in and ready to reload at all times.

You may also mount your powder measure in one of the die stations if it is compatible with the  $\frac{3}{8}$ " x 14 threads (as many are).

The Lyman #55 Powder Measure can be mounted to the turret using the Lyman  $\frac{3}{8}$ " x 14 Adapter.

A long steel handle adapted with a Ball type knob adapts easily for left or right hand operations.

### Mounting the Press

Remove the T-Mag Press from the packing box and position it against the edge of your bench top in the most convenient location, usually near the center of the bench, leaving a work area on each side of the press. Mark the position of the mounting holes and drill them; then, using  $\frac{3}{8}$ " bolts and suitable washers and nuts, securely anchor the press.

The toggle link mechanism and ram have been factory installed. Decide which mode of operation you prefer - right or left hand - and install the handle in the appropriate mounting hole in the linkage toggle. Be sure to thread the locknut onto the handle first. After the handle is screwed into the toggle, lock it in place by turning the locknut to a jam-fit against the toggle surface.

NOTE: A positive stop built into the frame blocks handle travel after the ram has passed top dead center. No further pressure should be applied, once the stop is reached, to prevent possible damage to the press.

### Installation of the Shell Holder

The shell holder slides into the slotted top of the T-Mag ram and is held in place by the integral spring clip.

To make the shell holder more accessible to your hand, turn it slightly to the left if you are right handed; slightly to the right if you are left handed. Most reloaders use their strongest arm to operate the ram.

Extra shell holders are available for a wide variety of cartridges as indicated in the current annual Lyman Catalog.

### Installation and Use of the Priming Arm

Open the package containing the Lyman Priming Arm. It contains a priming arm complete with a large priming sleeve and a large, flat primer punch to seat large primers.
