Making Literature Matter John Schilb, John Clifford, 2011-08-25 Students respond powerfully to literature when it explores issues that matter to them such as how love can be compromised by the demands of tradition how authoritarian injustice can be resisted and how popular culture influences behavior And when students learn to analyze and argue for how literature engages such issues and exerts such power they develop and hone their critical thinking and writing skills In its fifth edition Making Literature Matter continues to deliver on the promise of its title Its thematic anthology gathers memorable stories poems plays and essays into unique literary clusters addressing issues that rouse passionate responses in students At the same time its comprehensive rhetoric shows students how to harness those responses into thoughtful arguments about the issues raised by the clusters and the literature Read the preface This anthology is now available with video Learn more about VideoCentral for Literature *Making Literature Matter* John Schilb, John Clifford, 2005 Making Literature Matter combines an innovative writing text with a uniquely organized anthology for introductory literature courses that emphasize critical thinking and writing The third edition addresses new trends in literature and composition with more instruction on writing arguments and unique clusters that pair literary and visual texts for analysis **Making Literature Matter** John Schilb, John Clifford, 2014-09-26 Students have always responded powerfully to the memorable stories poems plays and essays gathered in distinctive clusters in Making Literature Matter s thematic anthology At the same time the book s chapters on reading writing and research help students harness those responses into persuasive well supported arguments about the issues raised by the literature As ever the new edition of Making Literature Matter reflects John Schilb and John Clifford s careful attention to emerging pedagogical needs and trends In response to instructor requests they have expanded their treatment of argumentation and research and refined their approach to literary genres Further they read widely to identify some of the most engaging fiction poetry drama and nonfiction published recently and based their new choices for the sixth edition on how well that literature raises and explores issues that matter to students right now Making Literature Matter 5th Ed + Writer's Help Two Year Access Card). John J. Ruszkiewicz, 2011 The Bite, the Breast and the Blood Amy Williams Wilson, 2018-09-18 Central to every vampire story is the undead s need for human blood but equally compelling is the human ingestion of vampire blood which often creates a bond This blood connection suggests two primal natural desires breastfeeding and communion with God through a blood covenant This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the relationship between human and maker *Making Literature Matter 5th Ed + Re:writing Plus* John Schilb, John Clifford, 2011-08-29 Good Books Matter Larry Swartz, Debbie Nyman, 2008 Based on extensive research on the features that make children s books appealing and appropriate this valuable teacher resource offers guidance on selecting books strategies for specific grade levels suggestions

for extension and tips for assessment This teacher friendly book is organized around the major genres traditional literature picture books nonfiction poetry and multicultural texts that will inspire young readers Throughout the book teachers will find suggestions for using literature to implement shared reading reading aloud and response strategies with emergent developing and independent readers This comprehensive book is rooted in the belief that educators must consider and offer a wide range of choice to ensure that students read good books It argues that the choices children make about what they read should be governed by their interests and desire to learn not by a grade or reading level

The Emergence of American Occidentalism in Literature and Culture Muthanna Al-Janabi, 2025-10-28 The book presents an innovative conceptualization of Western thought casting the discourse of black and white intellectuals and politicians as a treatise on Occidentalism It envisions American Occidentalism as an inner discourse where Critical Occidentalists interact textually and historically in response to the prevailing crosscurrents To capture this narrativity the first chapter establishes the book's new terminology rereads ancient Greek texts and critiques the works of key anthropologists like James G Carrier and Fernando Coronil as well as cultural theorists such as Hassan Hanafi Xiaomei Chen and Ian Buruma and Avishai Margalit The other three chapters analyze the Occidentalist tendency in the discursive official and intellectual practices of the Early Republic the twentieth century and the twenty first century Ideal for scholars and individuals interested in postcolonial theory African American literature and political sciences this book challenges readers to see the Occident not as a fixed entity but as a dynamic self critical tradition

Making Literature Matter , 2006 *The Picture Book Experience* Larry Swartz, 2009 A deeper way of looking at picture books as tools for learning this book shows how reading and response can improve understanding The book includes reading tips and comprehension activities and lists of books and authors to ensure that every reader will discover a new favourite
