Teoxi, Mayan Prince: I. the End of Tikal Antonio Grimaldi,2011-04-05 Teoxi now an old man the fourth son of Uaxactun the last absolute monarch of Tikal sits on the banks of lake Peten Itza and recalls the story of his life Wishing to preserve a record of the events that led to the destruction of his homeland his still sharp eyes sweep the distant shore as he tries to put his memories in order Born of an elderly father Teoxi was looked after by priests shielded from government matters and unlike his three older brothers taught to be an intellectual rather than a warrior But because the future had unexpected events in store for him his intellectual upbringing turned out to be of more use to him than his lack of military training In his early manhood an unforeseen event not only transfixed the nation but also steadily and permanently lured Teoxi away from his young life of amusements and intellectual pursuits thrusting him headlong into a national crisis whose solution was crucial to the very survival of his country After mere months

into this growing turmoil Teoxi's father realized that young Teoxi was the most qualified among his brothers to someday assume the Mayan throne. Now Teoxi had to weave his way carefully through the squalid and dangerous world of the empire's leadership struggle, wearily yet confidently through entanglements of intrigue and treachery, move delicately between ancient myths and recent science, attempt to protect his family and country against internal and external threats, prepare for war with the powerful Aztecs, confront overwhelming and destructive acts of nature, and accept the undeniable fact that this young man of too few years had truly entered a living hell. To make matters worse, during his first timid steps from the solitude of the palace to a world of intrigue and danger, he fell at first sight for a girl below his class, and then moved inexorably toward a forbidden relationship that would preclude his ascension to the throne. This is the story of the young man Teoxi committing the breadth of his will and fortitude to the needs of his people and throughout it all maintaining hope that his first love would someday share his days and nights. This is also the story of the old man Teoxi sitting on the shores of the Peten Itza, seeing the things we cannot see and recounting for those in the world today the world he knew so well.

Defining Moments

Marius Barnard, 2011-05-27. Marius Barnard is best known as a member of the pioneering medical team that performed the world's first human heart transplant at Groote Schuur Hospital in 1967 with his brother Chris. But his achievements extended into other spheres. He was an active anti-apartheid campaigner and MP for the Progressive Federal Party; he worked to improve cardiac surgery standards behind the Iron Curtain and globally, and he played a leading role in the creation of critical illness insurance, his invention, and one that has directly benefited the sick around the world. From humble beginnings as the son of missionary parents in the dusty Karoo town of Beaufort West to his position as one of the world's leading cardiac surgeons, Marius Barnard's story is a fascinating and remarkable chronicle of personal determination and courage. It is one of few first-hand accounts of the inaugural human heart transplant and its far-reaching repercussions, both in the world of medicine and in the private lives of its pioneers. In this sincere and deeply personal memoir, Barnard speaks frankly about his relationships with his brother, his colleagues, and his adversaries, and describes with humility his fourteen-year struggle with cancer. With candour, authenticity, and charm, *Defining Moments* presents the formidable challenges and spellbinding successes in the life of this international medical icon.

Memoirs Ahmed Zeki Velidi Togan, H. B. Paksoy, 2012. The author, Professor Z. V. Togan, staged a counterrevolution who first interacted and bargained with Lenin, Stalin, Trotsky, and the rest of the Soviet and Bolshevik luminaries of his own time for Baskurdistan and Turkistan. It can be read profitably in the context of anti-colonialism, subaltern studies, Russian and Soviet studies.
