Det. 25 Michael L. Haley MSG (Ret.) USAR, 2023-01-18 When Sergeant First Class Haley and 35 other Soldiers in Detachment 25 deployed to Afghanistan on a mission to mentor the training and development of the Afghanistan National Army they did not know how chewed up the situation was Selected from volunteers within the Ninety Fifth Division the Army Reserve Drill Sergeants of Det 25 discovered that training the ANA was a joke Afghanistan was a toilet that needed to be flushed of its Taliban turds but that was never going to happen What did happen was that the entire world took a crap all over that country and left it more of a mess than it was before Operation Enduring Freedom began Nation building is a failure and the United States must never again attempt it anywhere else in the world Whenever someone tells the truth about military or political incompetence in the United States the government feigns plausible deniability or tries to suppress the truth This story tells the truth about a group of American heroes and legends who did not deserve a loss for their sacrifices Thanks to the worst president in American history the loss of American lives has become a joke Americans can only laugh about OEF because there is nothing else anyone can do now except to have faith hope and love *Afghan National Security Forces* Anthony H. Cordesman, Adam Mausner, Jason Lemieux, 2010 Includes bibliographical references p The Army Lawyer, 2007 **U.S. Terminal Procedures**, 2016 *The Telecommunications Revolution in Korea* James F. Larson, 1995 The first English language work on Korea s unique experiences with telecommunications this book focuses on Korea s distinct political economic legal socio cultural and personal dimensions It includes chapters on the relationship between political liberalization and telecommunications education and public promotion of the information society together with the role of new technologies in the reunification of Korea **Military Review**, 2019 *Afghan National Army* Vince Bywaters, The origins of the Afghan National Army ANA are deeply rooted in Afghanistan s long and complex history of warfare tribal loyalties and external interventions While the modern ANA officially emerged in the early 2000s its conceptual and cultural roots stretch back through centuries of conflict and evolving governance structures in the region Historically Afghanistan s military forces were shaped by local warlords and tribal leaders who provided security and fought in various internal and external conflicts The concept of a centralized national army gained traction during the reign of King Amanullah Khan in the early 20th century when efforts were made to modernize and professionalize Afghanistan s armed forces However these early attempts were limited in scope and largely symbolic as loyalty to tribe ethnicity and local power brokers often took precedence over national allegiance The collapse of the Soviet backed Afghan army following the withdrawal of Soviet troops in 1989 and the subsequent civil war left the country without a functioning central military During the 1990s various militia groups and warlord factions operated with near complete autonomy eroding the notion of a unified national army When the Taliban emerged in 1996 they created their own military forces but these were more ideological and less structured as a national institution **Long Hard Road**, 2007 The call to war is often met by young soldiers who lack an understanding of

what they are about to encounter These young soldiers must be trained prepared and then led in battle by those with experience and understanding the Noncommissioned Officer Corps In an effort to preserve the history of the US Army Noncommissioned Officer and to provide future noncommissioned officers with an understanding of the actions necessary to prepare soldiers and to lead them in war the US Army Sergeants Major Academy undertook a program to gather and publish the stories of NCOs who had served in both Afghanistan and Iraq Most of the papers received were from students of the US Army Sergeants Major Course who had already deployed to either Operation Enduring Freedom or Operation Iraqi Freedom This work highlights a few of those stories A wide range of topics have been chosen to allow the reader to understand the preparations training and actions needed for NCOs to accomplish their missions Many of the selected stories were shortened and edited for clarity however every attempt was made to remain true to the author s original intent Forward Global Connections Heather E.
