Research Committee, 1949 Who's who in New York City and State Lewis Randolph Hamersly, John William Leonard, William Frederick Mohr, Herman Warren Knox, Frank R. Holmes, 1914 Containing authentic biographies of New Yorkers who are leaders and representatives in various departments of worthy human achievement including sketches of every army and navy officer born in or appointed from New York and now serving of all the congressmen from the state all state senators and judges and all ambassadors ministers and consuls appointed from New York The Victorian Reports, 1922 **The United States Catalog** Eleanor E. Hawkins, 1921

Forgotten Disease Hilary A Smith, 2023-05-25 Following the course of one disease over nearly two millennia this book provides a wonderful and highly readable history of Chinese medicine Isis Around the turn of the twentieth century disorders that Chinese physicians had been writing about for over a millennium acquired new identities in Western medicine sudden turmoil became cholera flowers of heaven became smallpox and foot qi became beriberi Historians have tended to present these new identities as revelations overlooking evidence that challenges Western ideas about these conditions In *Forgotten Disease* Hilary A Smith argues that by privileging nineteenth century sources we misrepresent what traditional Chinese doctors were seeing and doing therefore unfairly viewing their medicine as inferior Drawing on a wide array of sources ranging from early Chinese classics to modern scientific research Smith traces the history of one representative case foot qi

from the fourth century to the present day She examines the shifting meanings of disease over time showing that each transformation reflects the social political intellectual and economic environment The breathtaking scope of this story offers insights into the world of early Chinese doctors and how their ideas about health illness and the body were developing far before the advent of modern medicine Smith highlights the fact that modern conceptions of these ancient diseases create the impression that the West saved the Chinese from age old afflictions when the reality is that many prominent diseases in China were actually brought over as a result of imperialism She invites the reader to reimagine a history of Chinese medicine that celebrates its complexity and nuance rather than uncritically disdaining this dynamic form of healing An extraordinary book replete with rich and imaginative storytelling and insightful analyses Harvard Journal of Asiatic Studies **The Victorian Law Reports** Victoria. Supreme Court,1922 Strategic Narratives in Political and Crisis Communication: Responses to COVID-19 Victoria Ann Newsom,Lara Lengel,Christian Alexander Vukasovich,Anca Birzescu,2022-10-05 The Quarterly Journal of Medicine ,1923 The United States Catalog Supplement, January 1918-June 1921 Eleanor E. Hawkins,1921
