Photography Composition and Design Tavis Leaf Glover, A skyscraper can't be built without a proper foundation just

like a crunchy taco can't be built without a shell The same goes with your art whether it's street photography fine art cinematography painting or even sculpting The techniques found in this book though presented with street photos will easily translate across every visual art and allow you to create remarkable mouth watering masterpieces Countless artists out there want to push their art further but they've run face first into a nasty plateau Art is tough enough as it is but without proper knowledge of composition and design it's easy to end up in a dark alley waiting to be maliciously fondled by mediocre art Don't join the masses join the elite Learn serious composition and design techniques in a fun way that will launch you to the master level You might even get a chuckle from the film photos capturing whacky tourists as they wonder aimlessly on the beautiful beach of Waikiki Hawaii Take part in the fun and seriously improve your art in a way that would make Da Vinci and Van Gogh smile with pride *Index of Patents Issued from the United States Patent Office* United States.
