Rudy Rudy Ruettiger, 2012-09-03 Rudy became the inspiration for millions when a Hollywood film depicting his journey as a Notre Dame football player became one of the most influential sports movies ever made In Daniel Rudy Ruettiger s only autobiography go behind the scenes to experience the heartache triumph and glory through Rudy s own eyes and learn details of the ten years it took to get the movie made For the first time the real Rudy shares his story of floundering through school with undiagnosed dyslexia and finding himself mixed up with a rough and rowdy crowd Football was my salvation in high school Rudy believes and while he dreamed of playing for Notre Dame he never believed he was smart enough to make it to the elite group of higher education A poignant and high energy storyteller Rudy details failures and pitfalls along the way He explains the persistence and determination it took to get accepted to Notre Dame to suit up and play for twenty seven glorious seconds and to see the dream of his movie become a reality Rudy is truly a real life testament to the old adage that it is not how many times you get knocked down but how many times you get up again He will motivate you to discover your own dreams and to them with unrelenting faith that anything is possible

On Becoming a School Principal G. Wayne Mosher, 2021-06-24 On Becoming a School Principal originated as a study of a new open space elementary school and how it engaged faculty and staff in designing programs and procedures Monthly planning sessions focused on the development of a school culture devoted to developing good persons within an atmosphere of cooperative teaching and collaboration Considerable attention was focused on the principal and his history as a one room country schoolteacher at age seventeen In recent history public education has become highly politicized with reforms focusing on test results as a measure of progress With each new administration the nation has taken on a new mantra but the reforms have not significantly improved achievement This book was written in the spirit of John Dewey and his advocacy for school based

research initiatives designed and implemented by practitioners It is meant for educators and parents who want to help schools be the best that they can be The narrative examines how one man rose from humble beginnings to lead a new innovative school It is an ethnography of a school principal and a group of teachers in the act of doing good things for children
