- During the 1980-1990 period, however, the degree of social capital and economic performance deteriorated in the industrialized countries, whereas the economic growth and social capital showed some improvement. Unfortunately, following the 1990s, the degree of social capital and economic performance has been deteriorating in industrial countries. In other words, the degree of social capital and economic performance are still lower in social countries than the level in which the degree of social capital and economic performance were higher than in the 1980-1990 period.
