Movement for Beginners Maceo Montoya, 2016-09-13 As the heyday of the Chicano Movement of the late 1960s to early 70s fades further into history and as more and more of its important figures pass on so too does knowledge of its significance Thus The Chicano Movement For Beginners is an important attempt to stave off historical amnesia It seeks to shed light on the multifaceted civil rights struggle known as El Movimiento that galvanized the Mexican American community from laborers to student activists giving them not only a political voice to combat prejudice and inequality but also a new sense of cultural awareness and ethnic pride Beyond commemorating the past The Chicano Movement For Beginners seeks to reaffirm the goals and spirit of the Chicano Movement for the simple reason that many of the critical issues Mexican American activists first brought to the nation's attention then 8212educational disadvantage endemic poverty political exclusion and social bias 8212remain as pervasive as ever almost half a century later *Libertarianism For Beginners* Todd Seavey, 2016-04-12 *Libertarianism* isn't about winning elections it is first and foremost a political philosophy a description of how in the opinion of libertarians free people ought to treat one another at least when they use the law which they regard as potentially dangerous If libertarians are correct the law should intrude into people's lives as little as possible rarely telling them what to do or how to live A political and economic philosophy as old as John Locke and John Stuart Mill but as alive and timely as Rand Paul the Tea Party and the novels of Ayn Rand libertarianism emphasizes individual rights and calls for a

Horrors of War Cynthia J. Miller, A. Bowdoin Van Riper, 2015-05-14 Battlefields have traditionally been considered places where the spirits of the dead linger and popular culture brings those thoughts to life Supernatural tales of war told in print on screen and in other media depict angels demons and legions of the undead fighting against or alongside human soldiers Ghostly war ships and phantom aircraft carry on their never to be completed missions and the spirits sometimes corpses of dead soldiers return to confront the enemies who killed them comrades who betrayed them or leaders who sacrificed them In *Horrors of War: The Undead on the Battlefield* Cynthia J. Miller and A. Bowdoin Van Riper have assembled essays that explore the meaning and significance of these tales Among the questions that the volume seeks to answer are How do supernatural stories engage with cultural attitudes toward war In what ways do these stories reflect or challenge the popular memories of particular wars How do they ask us to think again about battlefield heroism military ethics and the politics of sacrifice Divided into four sections chapters examine undead war stories in film *Carol for Another Christmas* *The Devil's Backbone* television *The Twilight Zone* literature *The Bloody Red Baron* *Devils of D-Day* comics *Weird War Tales* *The Haunted Tank* graphic novels *The War of the Trenches* and gaming *Call of Duty: World at War* Featuring contributions from a diverse group of international scholars these essays address such themes as monstrous enemies and enemies made monstrous legacies and memories of war and the war dead who refuse to rest Drawing together stories from across wars branches of service and generations of soldiers and featuring more than fifty illustrations *Horrors of War* will be of interest to scholars of film popular culture military history and cultural history
