**The Lure of the Sea** Alain Corbin, 1994-01-01 Corbin argues that with few exceptions people living before the eighteenth century knew nothing of the attractions of the coast the visual delight of the sea the desire to brave the force of the waves or to feel the coolness of sand against the skin The image of the ocean in the popular consciousness was coloured by Biblical and mythical recollections of sea monsters voracious whales and catastrophic floods It was perceived as sinister and unchanging a dark unfathomable force inspiring horror rather than attraction These

associations of catastrophe and fear in the minds of Europeans intensified the repulsion they felt towards deserted and dismal shores

From celebrated gardens in private villas to the paintings and sculptures that adorned palace interiors, Venetians in the sixteenth century conceived of their marine city as dotted with actual and imaginary green spaces. This volume examines how and why this pastoral vision of Venice developed. Drawing on a variety of primary sources ranging from visual art to literary texts, performances and urban plans, Jodi Cranston shows how Venetians lived the pastoral in urban Venice. She describes how they created green spaces and enacted pastoral situations through poetic conversations and theatrical performances in lagoon gardens, discusses the island utopias found, invented and mapped in distant seas and explores the visual art that facilitated the experience of inhabiting verdant landscapes. Though the greening of Venice was relatively short lived, Cranston shows how the phenomenon had a lasting impact on how other cities including Paris and London developed their self images and how later writers and artists understood and adapted the pastoral mode. Incorporating approaches from eco criticism and anthropology, *Green Worlds of Renaissance Venice* greatly informs our understanding of the origins and development of the pastoral in art history and literature as well as the culture of sixteenth century Venice. It will appeal to scholars and enthusiasts of sixteenth century history and culture, the history of urban landscapes and Italian art. **This Earthly Globe**

**Their Other Side** Helen Barolini, 2009-08-25 Our lives are Swiss Emily Dickinson wrote in 1859 So still so cool But over the Alps Italy stands the other side For Dickinson as for many other writers and artists Italy has been the land of light a seductive source of invention enchantment and freedom So it was for Helen Barolini who as a student in Rome after World War II wrote her first poetry and gave birth to her own creative life reinvigorating her mother tongue In this book Barolini celebrates the lives of other women whose imaginations succumbed to the lure of Italy Here Barolini profiles six gifted women transformed by Italy's mythic appeal Unlike Barolini herself they were not daughters of the great Italian diaspora Rather they were drawn to an idea of Italy and its gifts in whose welcome a new self could be created Or discovered Emily Dickinson traveled to Italy only in the imaginative genius of her verse Margaret Fuller struggled alongside her Italian lover in the political revolutions that gave birth to the Italian Republic while the novelist and short story writer Constance Fennimore Woolson found her home in Venice and Florence Here too is the flamboyant artist Mabel Dodge Luhan entertaining at her villa near Florence and Marguerite Chapin of Connecticut who married an Italian prince and in Rome founded the premier literary review of the mid century *Botteghe Oscure* Finally here is Iris Cutting Origo the Anglo American heiress who with her Italian nobleman husband built a Tuscan estate where she wrote acclaimed biographies and created a refuge from Mussolini's fascism Linking

these lives Barolini shows is the transforming catalyst of change in a new land Their Other Side is a wise warm and deeply felt literary journey that brilliantly captures the enduring effects of Italy as a place a culture and an experience

**Byzantium, Venice and the Medieval Adriatic** Magdalena Skoblar, 2021-04-15 The Adriatic has long occupied a liminal position between different cultures languages and faiths This book offers the first synthesis of its history between the seventh and the mid fifteenth century a period coinciding with the existence of the Byzantine Empire which as heir to the Roman Empire lay claim to the region The period also saw the rise of Venice and it is important to understand the conditions which would lead to her dominance in the late Middle Ages An international team of historians and archaeologists examines trade administration and cultural exchange between the Adriatic and Byzantium but also within the region itself and makes more widely known much previously scattered and localised research and the results of archaeological excavations in both Italy and Croatia Their bold interpretations offer many stimulating ideas for rethinking the entire history of the Mediterranean during the period

*The Canadian Short Story* Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada the US and Great Britain via representative examples completes it The collection is geared both to specialists in and to students of Canadian literature For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story Reingard M Nischik is professor and chair of American Literature at the University of Constance Germany *Athenaeum*, 1893
