AIKIDO Base & Fundamentals: Introductory Manual Javier J. Vázquez Bravo, 2024-07-02 Historically martial arts have been regarded as a means of developing both physical and mental capabilities which is a fundamental aspect of any self defence system Discipline rigorous physical training and above all a vision of war and the destruction of the enemy by any means have accompanied the practice of many of the styles However new trends have been emerging in the ever changing world of martial arts It should be noted that any style of martial art can be beneficial for achieving physical and spiritual growth However the martial art known as Aikido is one that has been developing in Puerto Rico and many Latin American countries This is particularly relevant to those seeking a philosophy of life as humanity is moving towards new social political and economic frontiers Our future aspirations include integration and peaceful social coexistence These aspirations align with the view that violence should not be used as a mechanism for solving problems between human beings The social cost of violence is too high for it to represent an answer for the future Aikido is completely in tune with these aspirations and the times Aikido is a process by which we achieve a state of harmony first with ourselves and then with everything around us We cannot give that which we do not possess

Bennett,2015-07-31 Kendo is the first in depth historical cultural and political account in English of the Japanese martial art of swordsmanship from its beginnings in military training and arcane medieval schools to its widespread practice as a global sport today Alexander Bennett shows how kendo evolved through a recurring process of inventing tradition which served the changing ideologies and needs of Japanese warriors and governments over the course of history Kendo follows the development of Japanese swordsmanship from the aristocratic aesthetic pretensions of medieval warriors in the Muromachi period to the samurai elitism of the Edo regime and then to the nostalgic patriotism of the Meiji state Kendo was later influenced in the 1930s and 1940s by ultranationalist militarists and ultimately by the postwar government which sought a gentler form of nationalism to rekindle appreciation of traditional culture among Japan's youth and to garner international prestige as an instrument of soft power Today kendo is becoming increasingly popular internationally But even as new organizations and clubs form around the world cultural exclusiveness continues to play a role in kendo's ongoing evolution as the sport remains closely linked to Japan's sense of collective identity The Vampire Combat Manual Roger Ma,2012-10-02 WHEN DARKNESS FALLS WHEN THE UNDEAD RISE WITH A HUNGER FOR BLOOD WHEN THE HUNT IS ON AND YOU ARE THE PREY WILL YOU BE READY In the inevitable event of a vampire attack the average citizen will be forced to engage in vicious hand to hand combat To avoid serious injury disfigurement or death by exsanguination you need to know the proper combat strategies and techniques to ward off a stronger faster more agile undead opponent looking to drain the life from your body Are you prepared With detailed illustrations and firsthand accounts from vampire combat veterans as well as interviews with actual members of the undead this manual provides you with the information you need to survive with your life and blood supply intact including Debunking myths i.e vampire flight animal metamorphosis physical attraction to humans Crafting the most lethal vampire weapons from everyday materials The pros and cons of decapitation Weaponizing Ultraviolet UV light against an undead opponent Using the Domicile Histodiscordant Reaction DHR otherwise known as The Vampire Invitation to your advantage Solo attacks team based combat and much more The Vampire Combat Manual is your indispensable key to survival whether in a one on one battle for blood or a face off against multiple attackers Don't wait until the sun goes down prepare yourself now Ninja Skills Antony Cummins,2018-03-13 The world's only illustrated guide to the real ninja teachings of historic

Japan with original techniques presented in a highly accessible how to format The shadowy figure of the ninja expert commando secret agent maverick who operates outside social norms continues to exert fascination in the West yet much of what is presented as ninja fact today is distorted or wrong Drawing on the scrolls created by historical Japanese ninjas or shinobi as they were then known this book offers the real ninja teachings in 150 easy to follow illustrated lessons designed to draw contemporary students of ninja straight into the world of these skilled spy commandos The truth about the ninja is so much more complex and intriguing than the Hollywood clichés we know today We may think for example of a ninja as being always garbed in black and fighting with throwing stars but in fact a ninja had clothes in different colours to serve as disguises for different times of day and their arsenal of weaponry could include anything from poison poison gas pepper spray and fire creating tools to swords spears and knives but no throwing stars The 150 lessons in this book cover all the basics of ninja warfare including clever ideas for infiltrating an enemy compound from wearing silent sandals to faking passes and passwords tactics for hiding and retreat in the racoon dog retreat a ninja will crouch low and halt allowing the pursuer to collide with him at speed whereupon the agent kills his enemy and ways of crossing marshes and water for example with special shoes made of boards or using a foldaway floating seat The description is made all the more vivid by step by step photographs of the fighting techniques diagrams outlining military tactics and beautiful samples of Japanese calligraphy

Taekwondo Udo Moenig, 2015-04-10 This book provides a comprehensive overview of the historical political and technical evolution of taekwondo Many of the supposedly traditional and ancient Korean cultural elements attached to taekwondo are in fact remnants of East Asia's modernization drive and largely inherited from the Japanese martial arts The current historical portrayal has created an obstacle to a clear understanding of the history of taekwondo and presents problems and
