Early Childhood Curricula and the De-pathologizing of Childhood Rachel Heydon, Luigi Iannacci, 2009-04-11

Educators have become increasingly interested in the diverse learning environments of young children and the ways in which children and childhood are positioned within those environments. The documentation and analysis of processes of pathologization and de pathologization in early childhood may provide scholars with the understanding needed to develop more responsive educational approaches. Early Childhood Curricula and the De pathologization of Childhood examines what is possible for young children when their education addresses their assets and is organized in ways that expand their identity options. Adopting an interdisciplinary approach, Rachel M. Heydon and Luigi Iannacci shed light on the ways in which joint notions of normality and abnormality are used to pathologize childhood. As teachers and educational researchers, they offer first hand accounts of processes that take individual children and turn them into others who are seen as deficient or at risk. Through a variety of critical qualitative case studies that examine general literacy education, special education, early childhood education, and intergenerational learning environments, this book highlights the theoretical underpinnings of asset oriented curricular practices and suggests what is possible for young children when their education begins from and cultivates their funds of knowledge. Written for those interested in improving the lives of children through interdisciplinary studies, this volume offers sustained theoretical engagement that will appeal to educators around the world. *Games for Fun, Fitness and Learning* Kathi Wyldeck, 2008-01-01. This is the Australian edition of a games book for parents, teachers, childcare workers, Cub Scout leaders, home schooling families, and anyone else who supervises or entertains children. The book contains 339 activities and is divided into three main sections: physical and mental life skill and educational. The physical and mental games are for fun and fitness and can be enjoyed at birthday parties, family get togethers, and weekend outings. The life skill games are designed especially for Cub and Brownie Leaders and include map and compass reading, knotting, first aid, home safety, and outdoor cooking. The educational games include fun activities in maths, English, science, history, geography, foreign languages, art, and music. Teachers and home schooling families will find this section instructive, stimulating, and very unusual. The games are suitable for 7 to 17 year olds, and some of the activities will stretch the minds of even the cleverest teenagers. Certificate Agriculture Form 2, **Sessional Papers** Great Britain.
