Sustainability on Campus Peggy F. Barlett, Geoffrey W. Chase, 2004-04-02 Stories both practical and inspirational about environmental leadership on campus These personal narratives of greening college campuses offer inspiration motivation and practical advice Written by faculty staff administrators and a student from varying perspectives and reflecting divergent experiences these stories also map the growing strength of a national movement toward environmental responsibility on campus Environmental awareness on college and university campuses began with the celebratory consciousness raising of Earth Day 1970 Since then environmental action on campus has been both global in research and policy formation and local in efforts to make specific environmental improvements on campuses The stories in this book show that achieving environmental sustainability is not a matter of applying the formulas of risk management or engineering technology but part of what the editors call the messy reality of participatory engagement in cultural transformation In *Sustainability on Campus* campus leaders recount inspiring stories of strategies that moved eighteen colleges and universities toward a more sustainable future This book is for faculty students administrators staff and community partners whether hesitant or committed knowledgeable or newcomer Scholars and activists have recognized the crucial role that higher education can play in the sustainability effort and each chapter in the book is full of ideas about how to get started revitalize efforts and overcome roadblocks Human and at times joyful these stories illustrate many forms of leadership in new courses and faculty development green buildings and administrative policies student programs residential life and collaborations with local communities
