Novísimo manual del estudiante de derecho Vicente Olivares Biec,1873 *Manual for Guiding Techniques* Ettore Amato,2021-06-15 As far as I am aware Tourist Guide Techniques have not previously been the subject of many manuals I have decided then to offer the future tourist guides everything my long career in the tourism field has taught me about the technical aspects of guiding This to help them to better understand their role as interpreters of what is observed and how to practise it efficiently There is no such thing as a universal way in which to guide tourists since this art and profession derives its uniqueness from the spontaneity and individual charisma of each tourist guide What is presented in this manual is a method based on assorted suggestions and procedures that will assist the tourist guides and establish a sound understanding of what they must know This manual therefore does not intend to supply a set formula which must be followed slavishly since that would inhibit the individual creativity which each tourist guide should possess Instead this manual provides a mean to better prepare them TECHNICALLY for their future tasks Author Manual teorico-practico razonado de derecho canonico mexicano Rafael Roa Bárcena,1862 Manual de la historia argentina ...
