Carl Sagan was perhaps one of the most influential scientific minds that the world has ever experienced. When he learned that stars were actually extremely distant suns, his world was changed and the magnitude of the universe opened up to him. Another strong motivator into science came with his reading of a popular science fiction book of the time, *The Barroths Tales*. The stories were not extremely sound scientifically, but still presented ideals of adventure and the unknown. The idea that life could exist elsewhere in the universe fascinated Sagan and remained with him for the rest of his life (Escher).

Perhaps one of Sagan's most famous individual accomplishments was his involvement with the *Pioneer 10 Space Probe*. The probe was created to be the first object to exit our galaxy. Sagan acknowledged that the chances of anything actually discovering the probe were astronomical, but believed that it was important to promote public appreciation for science and thought the project to be "all in good fun" (McDonough 50).

Public appreciation for science was, in fact, what made Sagan the "superstar scientist" that we hear of today. His ability to portray complex

### **Example Of A Research Paper In Mla Format:**

**The High School Student's Guide to Writing a Great Research Paper** Erika Eby,2013 Presents a guide to writing a research paper covering such topics as finding sources taking research notes creating an outline writing the first draft and completing the final version      **Writing a Research Paper** Lionel Menasche,1990-04      **The International Student's Guide to Writing a Research Paper** Janine Carlock,Maeve Eberhardt,Jaime Horst,Peter Kolenich,2017-06-13 The International Student s Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer s Handbook Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task Special features This guide uses simple direct language for those for whom writing a research paper is new Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft A subsection dedicated to constructing clear and cohesive paragraphs and sentences The guide includes citation and style examples in MLA 8th edition

*The Complete Idiot's Guide to Writing Well* Laurie Rozakis,2000-01-01 Covers all elements of effective and grammatically correct writing including electronic formats for any type of situation from research papers to business memos      *How to Write a Research Paper: A Guide Book for Neophyte Students* Dr. Rashmee Yadav,2023-02-14 ABOUT THE BOOK The book How to write a Research Paper Guide book for neophyte students composed by three youngsters Dr Rashmee Yadav Dr Brij Vikash Singh and Dr Mithesh Verma is a fantastic effort in this direction They have covered almost all the areas of research paper writing process and how to write a research paper etc The book is based on the research paper writing process The author s main focused on this book How to write a Research Paper Guide Book for the neophyte students This book is helpful to students writing research paper in proper way because plenty of research papers are written every year But in many of them research methodology aspect is not given a considerable attention and because of which the research papers end up in just being endless words containing stories leading to less or no sense It should be noted that the quality in research articles comes from the extensive planning and in depth research before starting writing them actually This is true even for management research papers writing A research paper analyzes a perspective or argues a point Regardless of the type of research paper the researcher is writing the researcher should present his own thinking backed up by others ideas and information Research paper as a result of the research in the teaching of writing discussions with colleagues and own experiences we have developed a detailed approach to writing research papers and the approach is presented here Instead of

focusing on one research paper we have focused on the process of research writing through a series of shorter writing exercises Students begin by having to carefully think about a topic of research and by developing a working idea They then write a series of shorter essays that explore that topic All along the way students are continuing to research and revise their working proposal so that by the end of the term their thinking about their original topic of research has evolved This b
