Galatians Re Imagined Reading With The Eyes Of The Vanquished:

Galatians Re-Imagined Brigitte Kahl, 2010 Instead the existence of uncircumcised Gentiles who stand up and refuse idolatry reconstructs the ancient portrayal of the lawless Galatian as justified through the grace of the nonimperial God of Abraham and Sarah Thus the law Paul confronts is not Jewish law as such but Jewish law in enforced servitude to Roman law

The Colonizers' Idols Christina Harker, 2018-02-02 In this work Christina Harker deconstructs the prevailing treatment of the New Testament as anti imperial by contextualizing both New Testament scholarship and the Galatian experience within imperialist discourses that survived the dissolution of conventional empires in the twentieth century She critiques simplistic treatments of empire as post imperial that is replicating patterns of imperialist ideology albeit unwittingly To solve the problem a new interpretation of Galatians is proposed that reworks and complicates the portrait of the Galatians themselves rather than Paul within what then emerges as a diverse social world peopled by complex individuals with heterogeneous social and cultural identities The author is thus able to show how New Testament scholars who rehabilitate the Bible and Paul as anti empire perpetuate the same imperialist modes of interpretation they seek to repudiate **Themelios, Volume**

Martin,2020-08-12 Early Christianity did not originate in a vacuum but in a world of linguistic social religious and cultural richness and diversity The twenty two seminal essays in this volume some previously published some newly written represent almost three decades of research by Troy W Martin to understand how early Christianity developed in the ancient world The broad ranging investigations in these essays give attention not only to the linguistic and rhetorical features of early Christian texts but also to the social philosophical physiological and medical contexts in which these texts were written The essays provide new understandings of early Christian conceptions of salvation and of the virtues of faith hope and love that characterized early Christian communities They include new medical and physiological explanations of early Christian sacraments pneumatology and eschatology and furthermore investigate early Christian communal life and practice including the veiling of women male female relationships and time keeping The essays include reception histories that describe their influence on subsequent research and place them within the context of contemporary research and scholarship Those familiar with the well trodden ground of New Testament studies will find in these essays new insights and previously unexplored comparative material for understanding early Christianity and the world in which it originated **The**

Contexts Menghun Goh,2024-02-08 In this volume contributors from various social locations in North America Asia Europe and Australia analyse and interpret Pauline letters Engaging both the biblical text and the lives and contexts from different sociocultural religious methodological perspectives each contributor demonstrates the dynamic interaction between text and

context in their understanding and explanation of the text The first part of the volume highlights the hermeneutical focus in interpretation That is how a certain chosen worldview e g Lutheran liturgical worldview affects one s decision in prioritizing a certain textual dimension and level instead of others Part Two elucidates how even a technical analysis of the text e g epistolography is context oriented Part Three shows how such a contemporary contextual interpretation is also an intercontextual and intertextual interpretation that entails intersectional and global local experiences

St. Paul Pier Paolo Pasolini, 2014-07-15 Presented here for the first time in English is a remarkable screenplay about the apostle Paul by Pier Paolo Pasolini legendary filmmaker novelist poet and radical intellectual activist Written between the appearance of his renowned film *Teorema* and the shocking controversial *Salò or the 120 Days of Sodom* *St Paul* was deemed too risky for investors At once a political intervention and cinematic breakthrough the script forces a revolutionary transformation on the contemporary legacy of Paul In Pasolini s kaleidoscope we encounter fascistic movements resistance fighters and faltering revolutions each of which reflects on aspects of the Pauline teachings From Jerusalem to Wall Street and Greenwich Village from the rise of SS troops to the death of Martin Luther King Jr here as Alain Badiou writes in the foreword Paul s text crosses all these circumstances intact as if it had foreseen them all This is a key addition to the growing debate around St Paul and to the proliferation of literature centred on the current turn to religion in philosophy and critical theory which embraces contemporary figures such as Alain Badiou Slavoj i ek and Giorgio Agamben

Jesus Is Lord, Caesar Is Not Scot McKnight, Joseph B. Modica, 2013-03-28 This volume brings together respected biblical scholars to evaluate the turn toward empire criticism in recent New Testament scholarship While praising the movement for its deconstruction of Roman statecraft and ideology the contributors also provide a salient critique of the anti imperialist rhetoric pervading much of the current literature

The Apostle Paul Stanley E. Porter, 2016-09-23 In this comprehensive introduction to the apostle Paul Stanley Porter devotes serious consideration both to the background and major contours of Paul s thought and to the unique contributions of each of his letters Porter begins by introducing the Pauline tradition and outlining the basics of Paul s life the chronology of his ministry and his several imprisonments Porter then discusses the background to Paul s thought examines some of the major themes of his writings and treats issues concerning the Pauline epistles such as pseudonymity and canon Finally Porter delves into all thirteen of Paul s letters individually placing them within their historical contexts and examining critical issues relating to the content and interpretation of each letter The result is a thorough balanced treatment of one of the most important figures in Christianity

Contested Masculinities Robert Stegmann, 2020-10-27 In *Contested Masculinities* the author argues for the importance of critical consciousness and attentiveness to the interplay of the biblical text context and the long complex histories of interpretation that play out in the construction of masculinities Locating his reading of 1 Thessalonians within the thickly textured setting of a postcolonial post apartheid South Africa the author seeks to recontextualize Paul providing a nuanced understanding of how Paul s letters exercise authority over both the church and

the academy The author maintains that attempts to frame either the biblical text or notions of masculinity as singular and universal perpetuate and reinforce binary formulations church academy global north global south colonizer colonized male female and entrench hierarchies of power The author re reads 1 Thessalonians exploring the fissures that come into view when training a postcolonial and gender critical lens on the biblical text and delivers a refreshing account that is playful and open and porous especially as a conversational piece for masculinity ancient and contemporary *From Pentecost to Patmos, 2nd Edition* Craig L. Blomberg, Darlene M. Seal, 2021-07-01 Pairing depth of scholarship with contemporary application the authors of *From Pentecost to Patmos* have produced a unique introductory New Testament textbook Craig Blomberg and Darlene Seal provide the context and clarity that readers need to better understand Acts through Revelation showcasing the historical linguistic and theological implications found in each book This second edition includes expanded footnotes and a lengthier up to date introduction to Paul Newly added review questions maps and diagrams enhance the scholarship and make the resource truly user friendly **T&T Clark Handbook to the Historical Paul** Ryan S. Schellenberg, Heidi Wendt, 2022-05-05 The T T Clark Handbook to the Historical Paul gathers leading voices on various aspects of Paul s biography into a thorough reconsideration of him as a historical figure The contributors show how recent trends in Pauline scholarship have invited new questions about a variety of topics including his social location his mode of subsistence his cultural formation his place within Judaism his religious experience and practice and his affinities with other religious actors of the Roman world Through careful attention to biographical detail social context and historical method it seeks to describe him as a contextually plausible social actor The volume is structured in three parts Part One introduces sources methods and historiographical approaches surveying the foundational texts for Paul and the early Pauline tradition Part Two examines key biographical questions pertaining to Paul s bodily comportment the material aspects of his career and his religious activities Part Three reconstructs the biographical portraits of Paul that emerge from the letters associated with him presenting a series of micro biographies pieced together by leading Pauline scholars **A Cosmopolitan Ideal** Karin B. Neutel, 2015-02-26 What did Paul mean when he declared that there is neither Jew nor Greek neither slave nor free nor male and female Galatians 3 28 While many modern readers understand these words as a statement about human equality this study shows that it in fact reflects ancient ideas about an ideal or utopian community With this declaration Paul contributed to the cultural conversation of his time about such a community The three pairs that Paul brings together in this formula all played a role in first century conceptions of what an ideal world would look like Such conceptions were influenced by cosmopolitanism the philosophical idea prevalent at the time that all people were fundamentally connected and could all live in a unified society Understanding Paul s thought in the context of these contemporary ideals helps to clarify his attitude towards each of the three pairs in his letters Like other ancient utopian thinkers Paul imagined the ideal community to be based on mutual dependence and egalitarian relationships **Paul as Pastor** Brian S. Rosner, Andrew S. Malone, Trevor J.

Burke,2017-11-30 Paul as Pastor demonstrates the critical nature of Paul s pastoral care to his identity and activities Despite the fact that Paul never identifies himself as a pastor there is much within the Pauline letters that alludes to this as a possible aspect of Paul s vocation and commitments and this has been a topic of relative scholarly neglect The contributors to this volume consider the household setting of Paul s pastoral practice the evidence of Acts and a survey of themes in each of the letters in the traditional Pauline corpus Additionally three chapters supply case studies of the Wirkungsgeschichte of Paul s pastoral practice in the pastoral offices of the Anglican Communion in the denomination s Ordinal and in the lives and thought of Augustine of Hippo and George Whitfield As such Paul as Pastor provides a stimulating resource on a neglected and critical dimension of Paul and his letters and an invaluable tool for those in pastoral ministry and those responsible for their training

The Cross Examen Roger J. Gench,2020-10-29 This volume explores the essential relationship between spirituality and activism in conversation with a political theology of the cross The author contends that contemplative practice and activism bear the same cruciform footprint and are integrally connected for the cross of Jesus Christ reveals both the brokenness in our lives and the corresponding brokenness in the world it also discloses the God who is always and already bringing resurrection and life out of the death tending ways of our world The cross and resurrection expose other crosses large and small that litter the landscape of our world and of our personal and corporate lives as well as places where God s resurrecting power is at work bringing life out of death and establishing footholds for the unfolding of the new creation The volume engages Paul s Letter to the Galatians and new scholarly readings of it as a rich resource for reflection on these matters and explores the fruit of the Spirit as political virtues that empower communal participation in God s restorative work in the world Providing new angles of vision on both the cross and the apostle Paul the book expands and enlivens reflection on spirituality and activism as profound and generative resources for contemporary faith and practice

The Church, Authority, and Foucault Steven G. Ogden,2017-02-03 The Church Authority and Foucault addresses the problem of the Church s enmeshment with sovereign power which can lead to marginalization Breaking new ground Ogden uses Foucault s approach to power and knowledge to interpret the church leader s significance as the guardian of knowledge This can become privileged knowledge under the spell of sovereign power and with the complicity of clergy and laity in search of sovereigns Inevitably such a culture leads to a sense of entitlement for leaders and conformity for followers All in the name of obedience The Church needs to change in order to fulfil its vocation Instead of a monarchy what about Church as an open space of freedom This book then is a theological enterprise which cultivates practices of freedom for the sake of the other This involves thinking differently by exploring catalysts for change which include critique space imagination and wisdom In the process Ogden uses a range of sources analysing discourse gossip ritual territory masculinity and pastoral power In all the work of Michel Foucault sets the tone for a fresh ecclesiological critique that will appeal to theologians and clergy alike

Loving Through Enmity Marvin E. Wickware, Jr., 2025-05-20 Wickware responds to the failure of Christian antiracist work to translate love of the enemy into societal transformation Centering a structural idea of enmity he explains how love of the enemy involves embracing our need for those whose interests are opposed to ours under white supremacy engaging in mutual aid and committing to accountability

Matthew, Paul, and the Anthropology of Law David A. Kaden, 2016-09-30 Drawing from Michel Foucault's understanding of power David A Kaden explores how relations of power are instrumental in forming law as an object of discourse in the Gospel of Matthew and in the Letters of Paul This is a comparative project in that the author examines the role that power relations play in generating discussions of law in the first century context and in several ethnographies from the field of the anthropology of law from Indonesia Mexico the Philippines and colonial era Hawaii Discussions of law proliferate in situations where the relations of power within social groups come into contact with social forces outside the group David A Kaden's interdisciplinary approach reframes how law is studied in Christian Origins scholarship especially Pauline and Matthean scholarship by focusing on what makes discourses on law possible For this he relies heavily on cross cultural ethnographic materials from legal anthropology
