Wolfe,2013-06-15 Vitalism is understood as impacting the history of the life sciences medicine and philosophy representing an epistemological challenge to the dominance of mechanism over the last 200 years and partly revived with organicism in early theoretical biology The contributions in this volume portray the history of vitalism from the end of the Enlightenment to the modern day suggesting some reassessment of what it means both historically and conceptually As such it includes a wide range of material employing both historical and philosophical methodologies and it is divided fairly evenly between 19th and 20th century historical treatments and more contemporary analysis This volume presents a significant contribution to the current literature in the history and philosophy of science and the history of medicine *Genetically engineered products: Preparing for the future* Patricia Machado Bueno Fernandes,Deise Maria Fontana Capalbo,Carmen Vicien,2022-12-26 Stevens' Handbook of Experimental Psychology and Cognitive Neuroscience, Language and Thought ,2018-02-01 III Language discourse and dialogue reading creativity speech production concepts and categorization culture and cognition reasoning sentence processing bilingualism speech perception spatial cognition word processing semantic memory moral reasoning **Diversity in Black Greek Letter Organizations** Wendy Marie Laybourn,Devon R. Goss,2018-04-17 Starting in the early twentieth century and still thriving in the contemporary era Black Greek letter organizations BGLOs provide social support networking opportunities and service for the Black community Although BGLOs have always been majority Black organizations there are small numbers of non Black individuals who choose to pledge their membership Diversity in Black Greek Letter Organizations Breaking the Line explores the experiences of these non Black members who have immersed themselves in organizations rich with Black history and culture Through in depth interviews with thirty four such members Wendy Marie Laybourn and Devon R Goss reveal how and why these individuals come to identify with organizations designed for the uplift of races other than their own For non Black BGLO members the association with a Black organization provides them the opportunity to consider the meaning of racial inequality and their own racial identities Although many non Black BGLO members recount challenges to their membership

the participants in Diversity in Black Greek Letter Organizations ultimately find a sense of belonging with their Black brothers and sisters which Laybourn and Goss argue can provide an example of the challenges and promises of cross racial interactions as a whole

The Historiography of Economics A.W. Bob Coats,2013-10-08 This is the third and final volume of collected papers of A W Bob Coats Coats began to collect material for this volume in the years following the publication of the second volume in 1993 but sadly died in 2007 before the work was completed The volume has now been completed under the editorship of Roger Backhouse and Bruce Caldwell Along with his articles the compilation of the volume also reflects Coats interest in and commitment to book reviews a selection of which have been chosen for inclusion The book also includes a comprehensive bibliography In addition to a preface by Backhouse and Caldwell the volume also reproduces the obituary that was published in History of Political Economy a memoir published in 1996 and an interview with Grant Fleming published the previous year Together the introductory materials articles and reviews serve as a fitting tribute to the body of work of Bob Coats

Choice and Preference in Media Use Silvia Knobloch-Westerwick,2014-07-25 Mediated messages flood our daily lives through virtually endless choices of media channels genres and content However selectivity determines what media messages we attend to and focus on The present book examines the factors that influence this selectivity Seminal books on selective media exposure were published in 1960 by Klapper and in 1985 by Zillmann and Bryant But an integrated update on this research field is much needed as rigorous selective exposure research has flourished in the new millennium In the contexts of political communication health communication Internet use entertainment consumption and electronic games the crucial question of how individuals choose what content they consume has garnered much attention The present book integrates theories and empirical evidence from these domains and discusses the related research methodologies In light of the ever increasing abundance of media channels and messages selective exposure has become more important than ever for media impacts This monograph provides a comprehensive review of the research on selective exposure to media messages which is at the heart of communication science and media effects It is required reading for media scholars and researchers and promises to influence and inspire future research
