

Really Cool Keyboard

The Really Cool is a water-resistant and contaminant proof keyboard with tactile feedback keys. The sealed and rigid surface is ideal for industrial, marine, and medical use, as well as other applications where moisture, cleaning, and durability are a consideration. Because the Really Cool is also quieter than "standard" keyboards, they are great for applications where noise generated from "key-clicks" is a problem. The Really Cool is compatible with standard keyboard layouts and drivers are not needed.
