The photos are connected with the topic of school. Both photos show students in class. In the first photo I imagine that they're about 13 years old. It looks like a science lesson and judging by the students' expressions, I'd say that they are enjoying their lesson. They look interested and it looks as though they are working hard. Most of them are looking at the experiment and working together. They are all wearing uniform – it's quite an old-fashioned-looking uniform, so I would guess that it's a private school, but it could be a state school. It's hard to say.

The second photo also shows students in a classroom. I reckon they are about 17 years old. It's a mixed class of boys and girls. It's difficult to tell what kind of lesson they're in. Their teacher is handing a paper to one student. It could be that they're in a maths lesson. These students aren't wearing uniform. It looks as if one of them is asleep. It's clear that the girl in the front desk isn't interested in the lesson or perhaps she doesn't understand what she has to do.
