the mid 1930s cinema patrons insisted on value for money Double feature programs became mandatory at all neighborhood cinemas Usually the A feature film figured as the main attraction and the supporting movie the B Sometimes that role was reversed On many occasions picturegoers felt the unheralded B movie had actually proved more entertaining than the widely advertised A attraction More than two hundred of these wonderful B film classics from Hollywood s golden age are described

reviewed and detailed in this book It s a must have for all film addicts movie fans and nostalgia connoisseurs "Twice the Thrills! Twice the Chills!" Bryan Senn,2019-02-28 In the mid 1950s to combat declining theater attendance film distributors began releasing pre packaged genre double bills including many horror and science fiction double features Though many of these films were low budget and low end others such as Invasion of the Body Snatchers Horror of Dracula and The Fly became bona fide classics Beginning with Universal International s 1955 pairing of Revenge of the Creature and Cult of the Cobra 147 officially sanctioned horror and sci fi double bills were released over a 20 year period This book presents these double features year by year and includes production details historical notes and critical commentary for each film **The Aquatic World of Penguins** David G Ainley,Rory P Wilson,2023-11-10 Centuries ago when penguins were first encountered by European explorers they were not thought to be birds but rather a fish like relative Subsequent accumulation of knowledge has shown penguins to be an avian species with unrivaled aquatic attributes owing to a number of evolutionary adaptations shape change low drag ability to regulate buoyancy and extraordinary surface compliancy from their featheration They are indeed the most extremely specialized diving bird having given up flight which otherwise is hugely advantageous to the benefit of underwater prowess such as speed maneuverability and an ability to exploit an extraordinary range of depths This flightlessness however also comes with costs that are substantial for a seabird such as the inability to cover large distances quickly in reaction to ephemeral prey and the energy needed to cope with moving through an aqueous environment which is more resistant than air For penguins the high energetic costs in exploiting the ocean environment thus makes them especially sensitive to changes in food availability or their access to their prey While a number of penguin books cover the natural history mainly of breeding aspects few address in much detail the incredible aquatic nature of these creatures A huge amount of information has been amassed over recent past decades thanks to dramatic advances in microelectronics bio logging and maturation of some long term studies of penguin life history This work represents an integration of all these data with charts maps and graphs along with richly illustrated photos by experts in the field Book Crush Nancy Pearl,2009-09-29 Do you remember your first book crush You know the first time a book completely captured your imagination transported you to a magical place or introduced you to a lifelong friend you will never forget In Book Crush popular librarian and reading enthusiast Nancy Pearl reminds us why we fell for reading in the first place how completely consuming and life changing a good book can be Pearl offers more than 1 000 crush worthy books organized into over 100 recommended reading lists aimed at youngest middle grade and teen readers From picture books to chapter books YA fiction and nonfiction Pearl has developed more smart and interesting thematic lists of books to enjoy Parents teachers and librarians are often puzzled by the unending choices for reading material for young people It starts when the kids are toddler and doesn t end until high school graduation What s good what s not and what s going to hold their interest Popular librarian Nancy Pearl points the way in Book Crush Dallas, Federal Building, 1114 Commerce St ,1977
