Transfer of Sin G.A. van den Brink, 2024-12-16 According to the apostle Paul Christ was made sin What does this mean can sin be transferred Was Christ punished At the end of the 17th century in the so called Third Antinomian Controversy English and Dutch Reformed theologians discussed the concept of imputation in its interrelationship with forgiveness punishment and justice This study helps you to understand their complex and fascinating theological and philosophical reflections Because these same themes had already been extensively discussed in the preceding century in the context of debates against Socinianism the Antinomian Controversy is framed within an interconfessional and international context highlighting the significance of Socinians and Hugo Grotius *Problems of Alaska, Joint Hearings ... 91-2, July 6-8, 10, 1970* United States. Congress. Senate. Committee on Public Works, 1970 **Life in Christ** Mark A. Garcia, 2008-04-01 In three wide ranging case studies Mark A Garcia offers a comprehensive yet focused analysis of the centrality of union with Christ in Calvin's thought It explains not only the distinctive nature of Calvin's response to Rome on justification but why this response must be carefully distinguished from that of his Lutheran counterparts The fruit of these investigations is the first extensive demonstration that Calvin's exposition of union with Christ in relating justification and sanctification points to an emerging Reformed theology of justification that diverges from the Lutheran tradition Calvin's exegetical and theological model of

union with Christ accents the importance in the early Reformed tradition of the relationship between Christology and salvation *The Doctrine of Original Sin* Robert Wharton Landis,1884 **Academy, with which are Incorporated Literature and the English Review** ,1892 **A Continental View: Johannes Cocceius's Federal Theology of the Sabbath** Casey B. Carmichael,2018-11-12 Carmichael argues that Johannes Cocceius s theology of the Sabbath serves as a window through which one can view more clearly his federal theology or covenant theology Covenant theology was the most distinctive feature of his theology Moreover Cocceius spent a notable portion of his life engaging in the Leiden Sabbath Controversies from 1655 to 1659 which played a key role in the split of the Reformed Dutch Republic into two socio political blocs Cocceians and Voetians So far scholars have tended to overlook this critical phase in Cocceius s theological development Carmichael sheds light on it by looking at the theological texts that Cocceius wrote that absorbed his attention during this significant period Casey Carmichael examines first the evolution of the problem of the Sabbath in Cocceius s theological tradition Reformed Orthodoxy in Chapters 2 4 and second the development of Cocceius s doctrine of the Sabbath structured around the Leiden Sabbath Controversies in Chapters 5 8 *A New Latin-English School-Lexico on the basis of the Latin-German Lexicon of Dr. C.
