

An aerial photograph showing a significant flood event. A wide, muddy brown river flows through the center of the image. To the right of the river, a large area of green agricultural fields is partially submerged. In the center, a cluster of buildings, including a large white structure with a curved roof, is surrounded by floodwater. A road or path runs diagonally across the upper part of the image, crossing over the river. The background shows more green fields and some distant structures under a clear sky.
