foreclose horizons of change In contrast with approaches that respond to environmental crisis by advocating sustainable lifestyles and responsible behaviors Alice Dal Gobbo suggests that it is necessary to address the complex socio material relationalities that constitute everyday ecologies Beyond that the book argues for their politicization illuminating daily existence as embedded in capitalist relations of re production Combining political ecology and new materialist sensitivities this book investigates the ways in which ecologically damaging logics are inscribed in everyday assemblages through their habitual rehearsal and libidinal hold But it also points to how apparently banal acts of resistance embody and promote different logics such as a logic of care and an ecological aesth ethics of desire Based on ethnographic fieldwork in the Northeast of Italy this journey through the concrete matters and beings of daily life in crisis talks beyond this emplaced reality and dialogues with emerging forms of contestation and prefiguration that put socio ecological reproduction at their center [SMST-2006](#) Brian A.
