Handbook of Accessible Achievement Tests for All Students Stephen N. Elliott, Ryan J. Kettler, Peter A. Beddow, Alexander Kurz, 2011-04-28 The Handbook of Accessible Achievement Tests for All Students Bridging the Gaps Between Research Practice and Policy presents a wealth of evidence based solutions designed to move the assessment field beyond universal standards and policies toward practices that enhance learning and testing outcomes Drawing on an extensive research and theoretical base as well as emerging areas of interest the volume focuses on major policy concerns instructional considerations and test design issues including The IEP team's role in sound assessment The relationships among opportunity to learn assessment and learning outcomes Innovations in computerized testing and the 6D framework for standard setting Legal issues in the assessment of special populations Guidelines for linguistically accessible assessments Evidence based methods for making item modifications that increase the validity of inferences from test scores Strategies for writing clearer test items Methods for including student input in assessment design Suggestions for better measurement and tests that are more inclusive This Handbook is an essential reference for researchers practitioners and graduate students in education and allied disciplines including child and school psychology social work special education learning and measurement and education policy

School Reform in an Era of Standardization Ian Hardy, 2020-12-29 School Reform in an Era of Standardization explores how teachers and school based administrators navigate the processes of accountability and standardization in schooling systems and settings It provides clear insights into how the work and learning of teachers and students in schools have been dramatically reconstituted by increased pressures of external political scrutiny and accountability The book reveals in detail the nature and effects of standardization processes upon schools and schooling systems Specifically it shows how curriculum development teaching and assessment practices have all been recalibrated

under conditions of increased external scrutiny of teacher and student work and learning and how such processes are manifest in curriculum dominated by attention to literacy and numeracy more scripted pedagogies and standardized testing However the research not only elaborates the detrimental effects of such processes but also how those responsible for educating in schools teachers heads of curriculum deputy principals and principals have responded proactively by interpreting interrogating and challenging these conditions In this way it provides resources for hope evidence of what are described as more authentic accountabilities and at the same time it provides a clear portrait of the difficulty of fostering substantive curriculum teaching and assessment reform during an era of increasingly reductive accountability processes It will be an invaluable resource for understanding and enhancing practices in schools and school systems in the decades to come and for giving hope to educators in the ongoing work of rebuilding trust in public education

Data Culture and the Organisation of Teachers' Work Nerida Spina, 2020-05-31 Data Culture and the Organisation of Teachers Work provides an in depth look at how the political and media scrutiny of teachers pupils and schools now organises teaching and learning Spina also examines how educational data is used in schools and where it fails to take account of the everyday experiences of school leaders teachers and students Drawing on primary research and discussing practice in relation to the National Assessment Programme Literacy and Numeracy NAPLAN this book discusses the strengths and weaknesses of a data driven approach the restrictions this can impose and how to navigate them as a teacher Ideal for scholars and postgraduate students of education this book provides a comprehensive institutional ethnographic look into the daily lived experiences of teachers and the effects of standardised testing

National Testing in Schools Bob Lingard, Greg Thompson, Sam Sellar, 2015-11-06 Over the last two decades large scale national or provincial standardised testing has become prominent in the schools of many countries around the globe National Testing in Schools An Australian Assessment draws on research to consider the nature of national testing and its multiple effects including media responses and constructions such as league tables of performance pressures within school systems and on schools effects on the work and identities of principals and teachers and impacts on the experience of schooling for many young people including those least advantaged Using Australia as the case site for global concerns regarding national testing this book will be an invaluable companion for education researchers teacher educators teacher education students and teachers globally
