The textbook is modelled on the highly successful educational method of example based learning. Each piece of guidance provided in the textbook is supported by Band 6 examples using prescribed texts from the 2018 Year 12 Advanced English syllabus so that students may see and learn for themselves how to improve their writing. This book explicates that increasing number of upper social classes along with their affordability to spend on tourism and leisure activities has recalled attention for the development of this emerging industry. This book comprehensively examines the overall tourism and hospitality contexts in Bangladesh under the lens of current policy and administrative frameworks. In so doing, the contribution of tourism and hospitality industry has been highlighted in the economy of Bangladesh as a means to creating employment opportunities. Further, the book addresses that contributions remain uneven and distributed improperly and to date the tourism industry has not been offered the desired attention in supporting examples in this regard. Nonetheless, tourism and hospitality education and research have been intensifying in recent years across numerous higher academic institutions e.g. public and private universities in Bangladesh. This book explores critically the requirement of supportive roles of key tourism and hospitality stakeholders both from public and private domains. Ultimately, the book signifies collaborative and continuous efforts are imperative that partake both the practitioners and the academia in the development and execution of inclusive and functional tourism policy and planning in Bangladesh. **Navy Program Guide** United States.
