Baisse du pouvoir d'achat, hausse du prix de l'essence quand on est commercial aujourd'hui il faut compter se débattre pour que les clients ne pensent sans compter. Francky Lagagne et toute l'équipe vont devoir déployer des trésors d'imagination pour booster leurs ventes avec des arguments persuasifs, des sourires ravageurs et des produits dans l'air du temps. Que vous soyez vendeur, acheteur ou juste consommateur, vous ne résisterez pas à la profusion de gags, un prix défiant toute concurrence proposé par Bloz Plumeri et Boitelle.

Centres and Peripheries in Literatures Hassan Mbiydzényuy Yosimbom, Bill F. Ndi, 2024-11-17. For millennia literature across the globe has captured the essence of life, survival and human relationships: how we come together and how we fall apart. These stories, born from diverse cultures and perspectives, transcend time and space to resonate with audiences far beyond their origins. Literature, a tapestry woven from many threads of logic, teaches us to embrace complexity and reject simplistic thinking. *Centres and Peripheries in Literature* invites us to question why some works become classics while others fade into obscurity. In an age striving to define world literature, this book is especially relevant, examining the forces that shape literary canons and the interplay between Western and non-Western traditions. It boldly confronts the dominance of hegemonic canonism, shedding light on the power dynamics that determine which voices are heard and which are silenced. This important book addresses issues of legitimization and consecration of literary works from around the world, highlighting how non-Western authors are pushed to the peripheries while Western authors are moved to the centre. It offers diverse perspectives on these dynamics.

Viviane Koua, PhD, Department of World Languages, Literatures, Cultures, Auburn University, Auburn, AL, USA. *Centres and Peripheries in Literatures: Interrogating Hegemonic Canonism* critically examines how power dynamics between the Global North and South shape literary canons, urging scholars and readers to contemplate and recognize marginalized voices from the Global South.
